'Gratifying' Support In Clean-Up Drive

Newmarket—"Civic cleanliness is a virtue—let's cultivate it." "Help beautify our town through cleanliness." "A clean town is a prosperous town"—all slogans of the first annual Newmarket Clean-Up Week, but without the support of every citizen, young and old, they would be meaningless words. To make them ring true, to make them apply to our own community, advantage must be taken of the opportunities offered by the Horticultural Society which has sponsored the project.

"The support to date has been most gratifying," said A. A. Heinke, president of the society. Among the town organizations which pledged their active support to this project were: Lions, Chamber of Commerce, who paid for the printing and distribution of the posters; Home and School, Catholic Women's League, Business and Professional Women's Club, Veterans' Association, Legion, Women's Institute, all the school boards and the teaching staffs, Guides, Brownies, Cubs and Scouts. The latter cleaned the parking lots in town. H. A. Jackson, supervising principal, had notices sent home with each pupil regarding the Clean-Up Week and had each member of the teaching staff explain how the children could help.

Saturday, there is a special pick-up on the east side of town of all garden refuse and junk. If anyone was missed or had extra rubbish to be picked up, a phone call to Frank Johnston, Newmarket 133w, will have that matter attended to promptly. Only three days remain in our first Clean-Up Week. Let's see if we can't make Newmarket a spot of well cared for homes; attractive, well kept parks and public grounds and a clean, litter-free Main St.

A membership ticket in the Horticultural Society is one way you can give your active support to beautifying our community. Now is the time to join.

Authorities Praise Legion Blood Service

Newmarket—The blood donors service supplied by the Newmarket branch of the Canadian Legion has been the only one on which the hospital could depend in an emergency. Miss V. Pearson, superintendent of York County hospital, pointed out this week. The service was provided at no cost to the patient.

During the two years of the service, members of the Legion have responded at any hour of the day and night and in some cases this has resulted in saving life.

Miss Melrose, the laboratory technician at the hospital did the work of grouping members and keeping a card index of donors. Being enthusiastic about the service, she said she hoped that it will be continued until the Red Cross Blood Bank service is available to the community.

Mrs. George Case, president of the local Red Cross, said also this

week that she was happy to receive the offer from the Newmarket Legion for the free use of the Legion Hall for a blood donation clinic to be held early in the fall in connection with the Toronto Blood Bank. Mrs. Case said that she had followed with interest, the service provided by the Legion to York County hospital and accepted, on behalf of the Red Cross, the proposal that the Legion furnish the first fifty donors for the blood clinic.

Legion president, Tom Ewing, states that the Legion is proud to be of service in the community and promised that blood donors would be available in this area until the blood bank contract is established. "The organization would be grateful of the opportunity to provide the clinics with quarters and donors free of charge," he said. "The members of the Legion served to the full in war and will continue to do so in peace," said Mr. Ewing.

Await Decision On Fairey Lake

Newmarket—The town council is waiting word from the Office Specialty Mfg. Co. before deciding on what is to be done with Fairey Lake, according to Reeve Arthur D. Evans. Mr. Evans, who is chairman of the committee that started excavation of the pond last summer, said that they were waiting to find out what part the Specialty wanted to take in the project. The company paid half of the cost of \$5,000 of excavation last summer.

In answer to councillor Rudy Renzi's enquiry about what was going to be done with the pond at the council meeting Monday night, the reeve said that estimates of the amount of earth that could be removed from the lake bed had been taken by the engineer.

It had been suggested previously in council that a road be filled in on the east side of the lake, between the railway tracks and the stream bed. It was suggested that bulldozers be employed to push the fill from the lake bed over to the east side if the area were dry enough. The road would connect Water St. to the large field south of the pond. The Office Specialty owns land in this section.

Mr. Evans said that the engineer had taken estimates on how much earth would have to be moved if a road were built and also if the road were not put in. At a recent meeting Mr. Renzi suggested that the lake be flooded again if the town had no immediate plans to continue work there.

Mrs. Maria Glover Dies At Ravenshoe

Maria Louisa Glover, Ravenshoe, died at the home of her son, Carl, at Ravenshoe early Saturday morning, May 7. She had been confined to bed for the last five months. "The daughter of the late Mr. and Mrs. Thomas Barker, she was born at Ravenshoe July 27, 1877. She married Joseph Russell Glover July 20, 1910. Her husband predeceased her on March 25, 1939.

A member of Ravenshoe United church, her chief interest was in her home and church. "Two sons, Carl and Len, are both farming at Ravenshoe. Also surviving are an aunt, Mrs. Richard Fisher, Toronto, and three grandchildren, Louise, Clifford and Tommy Glover. She was the surviving member of a family of four brothers and one sister.

"The funeral services were held at the home of her son, Carl, May 9, with Rev. R. Brown of Keswick conducting the services. Pallbearers were five nephews, Clifford, Aubrey and Edward Barker and Arthur Mitchell and Roy Glover. Interment was at Holborne-Glover cemetery, Ravenshoe.

IS IMPROVING

Newmarket—Miss Mabel Black, who has been confined to her bed the past two weeks with pneumonia, is improving and able to be downstairs.

Aurora Ice By-Law Second Reading Given Monday

Aurora—At a special meeting of the Aurora council last Monday the debenture by-law, prepared in order to finance the installation of artificial ice in the Aurora Memorial Arena, received its second reading. Passed unanimously, it will now go before the Municipal Board who will consider the detailed conditions and will specify the rates. The by-law will then return for its third and final reading before council. The by-law calls for the issuance of a debenture of \$65,000.

Paralysed Young Artist To Aid Ice Fund

Newmarket—Myron Angus, young artist whose work has become increasingly popular, will demonstrate his ability in the window of Brice's Market on Friday, June 10. The proceeds of the demonstration will be contributed to the artificial ice fund.

Mr. Angus has been able to achieve his growing fame despite the physical handicap of paralysed arms and legs. He paints by holding the brush in his teeth.

Anniversary Cake Donated to Help Artificial Ice Fund

Newmarket—While celebrating its second anniversary of business in Newmarket, Broadbent's Bakery has decided to do something for the ice fund by constructing an "artificial ice anniversary cake".

Citizens have been invited to eat a piece of the big cake on the birthday of Broadbent's Bakery, Monday, May 23, with no charge but they will gladly accept a donation for the artificial ice fund.

The cake can be seen on display in the shop window this week.

Council Sets Aside Denatation Night

Newmarket—Any person who wishes to speak before the town council will have to appear the first night of each month in future since the council's resolution on a special "denatation night".

"The town business suffers because too many delegations of citizens take up too much time at council meetings," said Mayor Jos. Vale at a meeting Monday night. A resolution was passed so that the first Monday in each month be set for any delegations of citizens who wish to go before council with problems or enquiries. Early in the year council also resolved to have all by-laws presented for passing one night a month, with the solicitor present. The latter policy has not been followed by council.

SEEK DAVIS DR. SEWER

Newmarket—Citizens on Davis Dr. W. have petitioned to the town council for a sanitary sewer.

ATTENTION GIRLS

Newmarket—There will be a meeting of all those interested in a Junior Ladies' Softball League on Friday, May 20, at 6.45, at the Stuart Scott school. A four-team league is proposed. Anyone interested in coaching the teams, please phone Charlie VanZant, 7751, chairman of the Park and Ball Committee of the Recreation Commission.

POSTPONE CLOTHING SALE

Newmarket—The sale of used clothing planned for this afternoon by the Home and School Association has been postponed indefinitely. Any good, used children's or adults' clothes may be left at either Budd's Studio or at Stewart Beare's store in readiness for the sale.

FLOWER DEMONSTRATION

Aurora—Sponsored by the Aurora Horticultural Society, a special flower-arrangement demonstration is to be given by Mrs. William Banks of Richmond Hill on Thursday evening, May 26. To be held in the parlors of the Aurora United church, the demonstration will begin at 8.15 p.m. Members of the Newmarket Horticultural Society and all flower-lovers in general are cordially invited to attend.

PLAN BOX SOCIAL

Aurora—It has been announced by the 50-50 Club of the Aurora United church that they will hold a special box social on Monday, May 30, at the church.

Muriel Ave. Extension Proposal Put Before Council

Newmarket—The construction of a new street between the army camp subdivision and Gorham St. will be considered soon by the town council. A notice of motion was introduced on Monday night at council meeting by Frank Bowser and Lorne Paynter that Muriel Ave. be extended south to Gorham St. Muriel Ave. will be the eastern boundary of the grounds on which the new public school will be built.

Said Mr. Bowser, "It won't be a very expensive proposition to fill in for the road where it is required. There is a considerable amount of asphalt that has been broken up from the old parade ground which can be used as fill and there is plenty of gravel to cover it." Mr. Bowser said that only six to eight feet of fill is required in the low levels.

The town council would have to purchase sections of land from three lots. According to the mayor, members of the school board have suggested that a road would be favorable for the new school. Council members expressed feelings that the road would have to be put through sometime in the near future.

Aurora Cadets Win Reviewer's Praise

Install Sewer At Gorham St. Corner

Newmarket—A sewer at the new cut-off at the corner of Gorham, Prospect and Water Sts. is being laid down this week by the public works department. A new hydro pole has also been placed about 20 feet south of the old one but wires have not yet been changed from the old pole. The position of the hydro pole and the delay in its removal had been blamed for holding up completion of the intersection at nomination meeting last fall. At a previous council meeting, it was said that there will be an "island" constructed in the centre of the intersection.

COMPLETE COURSES

Newmarket—Three Newmarket boys who have completed courses this spring in electrical engineering at S.P.S., University of Toronto, are Bill Revell, A. R. Munro, who graduates with honors, and Bill Jelley. Graduation takes place at the U. of T. on June 8. Don Cockburn also graduates in civil engineering.

RENEW CONTRACT

Newmarket—A year's contract for the collection of garbage has been awarded again to Frank Johnston at a salary of \$4,500.

SPEED SIGNS UP

Newmarket—Speed limit signs of department of highways standards, limiting speed to 30 m.p.h. on Eagle St. have been placed at the new extended town limit. Traffic will have to slow down when it reaches the western extremity of the Armitage Heights subdivision when coming into town.

COMING EVENTS

Monday, May 16 to May 21—CLEAN-UP WEEK. Help beautify our town through cleanliness. Sponsored by the Horticultural Society. Clean-up week needs the support of everyone in the community. Do your part and your neighbor will do his. c3w18

Tuesday, May 31—8 p.m. Home and School annual meeting in King George school. Presentation of prizes for Hobby Show essay contest. Cordial invitation extended to the public. c3w20

'Clean up Our Town' Sign Reads on Post In Fairey Lake

Newmarket—One of the cleverest publicity stunts seen this year has been thought up by someone for the town clean-up campaign sponsored by the Horticultural Society this week.

Plunk in the middle of dried up Fairey Lake yesterday, on a prominent post was the well known placard, "Clean Up Our Town."

The office cart reports that several citizens passed over the Water St. bridge yesterday, observed the sign and its surroundings and with sheepish looks, hurried to their homes. Our correspondent reports that he followed several of them and found that they had their families out with rakes, lawnmowers and carpet sweepers cleaning up their front lawns. "That's psychology," says Ginger.

Hort. Soc. Sponsors Garden Meeting May 21

Newmarket—Although reports have it that the tulips are not reaching their peak this year, they will nevertheless present a wonderful picture of color at the garden of Mr. and Mrs. Kidd, Court St., this Saturday. Flower lovers from the community will welcome this opportunity to see the blaze of spring beauty at its height, and to gain some pointers on the correct growing methods for these bulbs. The visit is sponsored by the Newmarket Horticultural Society and is open to everyone.

Demand for Lots On Roxborough St.

Newmarket—Several citizens want to build homes on Roxborough St. on lots now owned by the town east of the V.L.A. subdivision. They have informed the town that they can use a well which is already there and do not wish water or sewer services. Roxborough St. runs south from Davis Dr. along the eastern limits of the V.L.A. subdivision.

"If a lot of people start building there, we will have to meet the cost of services eventually," said Reeve Arthur D. Evans. "We have to consider these things," he said.

Clerk Wesley Brooks said that the people who have enquired, do not want the services. Council made no decision as to whether they would sell the lots but a property technically that would concern the development of the area has been referred to the engineer.

Two Moderators Present At Trinity Services

Newmarket—Two church moderators will be present on Sunday and Monday at Trinity United church which is celebrating its 125th anniversary during the month of May.

The Very Rev. Dr. George C. Pidgeon, first moderator of the United Church of Canada, will be guest speaker at the Sunday services, May 22. For more than 30 years he has been minister at Bloor St. Presbyterian church and Bloor St. United after church union. He is also a well known radio preacher.

Guest speaker at the congregational birthday party on Monday night will be the Right Rev. Dr. Willard Brewster of St. George's United church, Toronto. He is at present moderator of the United church of Canada. Trinity United church extends an invitation to the public to attend these services.

Boy Scouts, Cubs Parade At Lions Club Park

Newmarket—A church parade for the Boy Scouts of York Central District will be held at the Lions Park on Sunday, May 29. Before the service, the Scouts will fall in at the park at 2.15 p.m. and move off at 2.30 for the parade and will return to the park for the service.

Present will be Richard Edmunds, Assistant District Commissioner, District Scoutmaster, John Snow and Mayor Jos. Vale who will take the march past salute. The association requests that each pack and troop arrange to have a marker report to D. S.M. Snow at 2.15. Flags will be carried in the parade and bands have been arranged for including Newmarket bands.

POTATOES THROUGH

Newmarket—John West reports that he had potatoes through on May 7.

Ice Fund \$9,000; To Open Tenders On Installation

Merchants Polled On Store Closing Hours

Newmarket—The majority of merchants will close shops at 6 p.m., Monday, May 23, all day Tuesday, May 24, and Wednesday afternoon, May 25, according to the findings of the committee of Commerce this week.

Deputy-Reeve J. L. Spillette inquired at council meeting Monday night if the town were going to do anything about changing the day. According to the mayor, the 24th is a statutory holiday and could not be officially changed.

Councillor Lorne Paynter said that employees of the Office Specialty Mfg. Co. will be taking Monday and Tuesday off and working the following Saturday.

Seek Data For New Fire Alarm System

Newmarket—The town council is considering what kind of a fire alarm system will be installed in the near future. The present system requires attention and there are several areas including new subdivisions that require alarm boxes.

At Monday night's council meeting, a motion for a new system by councillors Morrison and Paynter was passed. The engineer was instructed to find the cost of new fire alarm boxes and report to council at the next meeting.

Music Festival To Aid Ice Drive

Lights, School Signs Urged for Eagle St.

Newmarket—Street lights extending out Eagle St. to Yonge St. have been suggested previously in town council meetings and Monday night, Lorne Paynter urged council again to take up the idea. Mr. Paynter also recommended a school area sign to slow traffic down in the area of the Stuart Scott school.

"There have been a lot of requests to have lights put out Eagle St.," Mr. Paynter said. It has also been noted at a previous meeting that lights would attract the attention of north-bound traffic on Yonge St. to Newmarket.

The mayor said that a "school drive slowly" sign should be painted in large letters on the road in the Stuart Scott school area. The motion put forth by Councillors Paynter and Morrison for the extension of the street lights was held over by council for another meeting.

Say School Crossing Signs Not Matter for Board

Newmarket—School crossing zones do not come under the jurisdiction of the school board, according to the chairman, Mrs. M. B. Seldon, at a meeting of the board on Friday night. Recently the town council had referred to the school board, for its consideration, a school crossing zone with markings as protection against traffic at the corner of Eagle St. and Lorne Ave.

The corner is crossed by more children since the opening of the new Armitage Heights subdivision. Suggestions have been made to the board that school children be appointed to direct traffic at the streets where children cross at regular times. The board, however, did not favor the idea because it would have to take responsibility for the traffic directors. Some members suggested a part-time constable for the job.

ST. ANDREW'S W.M.S.

Newmarket—St. Andrew's W.M.S. held its regular monthly meeting at the home of Mrs. John Bowdoin on May 11. Mrs. M. E. R. Boudreau presided. The devotional period was conducted by Mrs. N. L. Rogers and Mrs. Bowdoin. Miss Alma Gibson gave the missionary study. At the close of the business session, lunch was served by the hostess.

Home-School Ass'n. Anniversary Tea Friday

Newmarket—Tomorrow afternoon, the Home and School Association is holding an anniversary tea at the home of Mrs. M. B. Seldon, 20 Davis Dr. West, from 3 to 5 p.m. This year marks the tenth anniversary of the organization of this group in Newmarket. A birthday cake, made by Mrs. Ted Mitchell, will be raffled at the tea. There will be a sale of home-made candy.

An extensive display of local handicrafts will be a highlight of the affair, and those who missed the April Hobby Show will have this opportunity of seeing the work of the district women in the field of handicrafts. The entire proceeds from the tea will go to the U.E.F.B.

ATTEND SYNOD

Newmarket—Rev. J. T. Rhodes is attending the Anglican Synod at St. James' Cathedral, Toronto, this week. Mr. A. D. Evans, Millard Ave., is lay delegate.

Free Tennis Instruction

Free tennis instruction, under the auspices of the Newmarket Tennis club, will be given youngsters at the Newmarket courts on Saturdays from 1.30 to 2.30 starting this week. Instruction will be given by club members. If necessary, racquets will be loaned to beginners.

THAT'S THE WAY you want your money matters handled. That's the way your bank handles them.

When you deposit money, cash a cheque, make a money transfer, arrange a loan, you want it done speedily, efficiently . . . and above all, confidentially.

It is only natural that your bank should work that way for you, for privacy is traditional in Canadian banking. In any case, the competition of other banks assures it.

Canada's ten chartered banks -- competitive, efficient, private -- provide for millions of customers a service unexcelled in the world.

SPONSORED BY YOUR BANK

Whitchurch Opposes Health Unit Share Fear Rising Cost

"I'm opposed to the Public Health Unit which would cost our township about \$2,300 a year," said Reeve Ed. Logan at Saturday's meeting of the municipal council. "I think it could become another Children's Aid Society with its ever mounting costs," continued the Reeve.

A letter from the County Health Unit asked council to intimate its position in respect to forming a public health unit for the 14 northern rural municipalities in York county. The communication and others previously sent indicated the proposal was to do away with local Boards of Health and Medical Officers of Health, and form one organization for the 14 municipalities north of Steeles to Sutton. At least two M.O.H.'s on full time employment would do all the work, with a staff of nurses to attend school children while one or two sanitary inspectors would deal with drainage problems in all the municipalities. The total cost was estimated at around \$50,000 per year, with a government grant of 50 percent. The remaining 50 percent would be divided among the municipalities on the equalized county assessment. The share to be paid by Whitchurch would be \$2,300 a year. Deputy Reeve Ivan McLaughlin said that he feared about the time the undertaking got going well, the government might decide to drop its grant and leave the municipalities "holding the bag."

At present the township spends about \$600 per annum on health work mostly for salary of a M.O.H., and this would of course be saved. With no further discussion council resolved to indicate they were not yet willing to enter the scheme, but if it was formed, and proved a success, Whitchurch could enter at a future time, the Reeve suggested.

Council opened the tenders for handling garbage at both Wilcox and Musselman's Lake. Ralph Forfar was awarded the contract at Musselman's at a cost of \$500 per season. Two collections to be made weekly from June 1 to September 30.

No contract was awarded at Wilcox because of certain complications. There were three

tenders received ranging from \$500 a year to \$1,800 per year. Because so many people are living all year at Wilcox they wanted continuous all-year collections twice a week.

The cost of garbage collection is borne directly by the areas served. Council handles the details, pays the collectors and charges a special tax in the district served sufficient to cover the cost.

Council on resolution sponsored by Councillor R. C. Radford made a grant of \$45 to Vandorf Junior Farmers.

William Foster and Albert Stewart from Wilcox Lake presented a petition by some 30 property owners asking for grading, graveling and culverts on Benson Ave., the cost to be charged back to the properties benefited.

Building Inspector Fred Cummings asked council to make certain amendments to the township by-law, and these he enumerated. Council instructed the clerk to have the items drafted by the solicitor in legal form, when they would come before council for ratification. "We are behind you a hundred percent," said Reeve Logan.

Reeve, Councillor Dispute Financing of Road Tops

WILLOW BEACH

Mr. and Mrs. G. Finley spent Sunday with Mr. and Mrs. Bill Thompson.

A number of members of Belhaven W.I. attended the meeting on Tuesday, May 10.

Mr. and Mrs. A. Chapman and family spent Sunday in Woodville.

The members of the Willow Beach baseball team have been getting in a lot of practice.

Mrs. Collier and Mrs. Jas. Sinclair went down to Toronto to see Barbara Ann Scott at Maple Leaf gardens Saturday.

Miss Eleanor Thayer had a party of friends over the weekend.

Miss Willa Crittenden spent Sunday with her parents.

Sunday guests of Mr. and Mrs. M. Sedore were Mr. and Mrs. F. Goodman, Oshawa, and Mr. and Mrs. D. Magee, Victoria Square.

Mrs. H. Matt and Mrs. A. Chapman attended the musical festival at Keswick Monday night.

Mrs. J. Darlington is visiting her parents, Mr. and Mrs. H. Powell. Mrs. Powell had the misfortune to break her leg.

HOLLAND LANDING

A miscellaneous shower was given in honor of Miss Dorothy Sheppard at the home of Mrs. J. Kearns and family. The bride-to-be received many lovely and useful gifts.

Bert Kearns will spend the summer at St. Albert, Alta., for his health.

Mr. and Mrs. A. Kearns and Bill, Mr. and Mrs. G. Hill and Miss Ruth Kearns, Toronto, spent the weekend with Mr. and Mrs. J. Kearns.

VANDORF

Mrs. Rollie Scott, Mrs. Robt. Carr, Mrs. James Oliver and Mrs. H. C. Powell attended the W.M.S. meeting on Thursday afternoon at Aurora United church. Mrs. Taylor, a returned missionary from India, was the guest speaker.

Wesley W.A. is holding a lilac tea Friday afternoon, May 27, in the Wesley church basement. A good program is being planned.

Our best wishes go to Mrs. Bert Baber who underwent an operation at York County hospital.

Mr. and Mrs. Rollie Scott visited relatives in Stratford on Sunday.

Mr. and Mrs. Roy Morley, Mrs. Wm. Powell, Mr. and Mrs. Ken Giles visited on Sunday with Mr. John Empringham and Ethel.

Mr. and Mrs. John Irwin visited Sunday with Mr. and Mrs. Ewen and family of Holt.

Master Billie Morley was a guest of Miss Diana Jennings on Thursday, May 12, when they celebrated their birthdays.

Mr. Henry Griffith, Weston, spent the weekend with Mr. and Mrs. Kingdom.

Mr. and Mrs. Reuben Robinson, Brandon, Man., are visiting their brothers, Messrs. Robt. and Loy Carr.

ARMITAGE

The community lost one of its oldest members in the passing on May 11 of Mr. Albert McMain. He spent the greater part of his life on Yonge St. and our sympathy is extended to the family.

Reminder to the men and boys -- don't forget the bee on the school grounds May 24. For any further information, Mr. C. Reid is the man to see.

St. James' W.A. Has Monthly Meeting

Sharon -- The W.A. of St. James' church held its May meeting at the home of the president, Mrs. R. J. Rogers. After prayers, Mrs. W. Osler read the Scripture lesson and Mrs. J. Hall offered to do so in June.

Many useful articles were handed in for the mission bazaar and ditty bags also. It was reported the church is now painted white on the outside and the ground levelled. Six volunteers to help with the serving at the C.G.I.T. mother and daughter banquet, Friday, May 27, were sought and the help given. The members deemed it a grateful gesture to serve the Glee club refreshments after the musical.

The June meeting will be June 8 at Mrs. W. Wilmot's home. Lunch committee is Mrs. W. Osler, Mrs. H. Vanstone and Mrs. G. Nicklin. Rev. Puxley led the study on missions in China and the rapidly changing conditions and closed the meeting with prayers for that country.

GLENVILLE

The Glenville Ladies' Aid will hold its next meeting at the home of Mrs. Fred Webster, Newmarket. This will be a supper meeting and there will be a quilt in the frames. Come early.

April Sheep Loss Cost Whitchurch \$175

Sheep-killing dogs struck at flocks in Whitchurch recently at two widely separated points, indicating that it is not likely the same dog or dogs were guilty of the two attacks. When sheep on the farm of Wilbur Cloughdon at lot 11, concession 7, were attacked, one animal was killed and council of Whitchurch was called to compensate the owner to the extent of \$25 for his loss.

Up in the north-west corner of the township at lot 30, concession 3, on the farm of George Drury, five sheep were killed, costing the township \$100, and an additional cost of \$50 for flock damage. Total claims paid by council for April killing was \$175. In each instance the sheep owners signed the declaration stating the sheep had been killed or injured by dog or dogs unknown to them.

Now Available! TRIPLE INDEMNITY INSURANCE

A new policy providing accidental death and dismemberment benefit to protect your loved ones. Your beneficiaries will receive:
Face Value of the Policy if you die from a natural cause.
Double the Face Value of the policy if you die by accident.
Triple the Face Value of the policy if you die while riding as a passenger in a public conveyance (except aeroplane) or while in a burning public building.
You yourself get liberal dismemberment benefits providing cash for loss of parts of your body. Ask for our pamphlet "Confederation Life Announces" giving particulars of these benefits. It will interest you.

look at your home through the eyes of a stranger

Could it do with a good coat of paint and a general 'fix up'?

Strange how we are apt to notice signs of neglect in someone else's house and overlook the same things in our own. It's a costly tendency, too. For one bit of disrepair soon leads to another. Wood deteriorates when the paint wears off. A broken post undermines the whole fence.

It pays to make your repairs promptly.

That goes for indoor improvements, too. You save money, time and material, by attending to home repairs right away—before the damage gets worse. And every improvement adds to your comfort and to your pride in your home.

If you need more money than you have on hand to pay for the necessary repairs, see your B of M manager about a low-cost loan. Save by paying cash. And save yourself trouble by paying off all repair bills at once.

Why not make a list of the repairs your house needs today? Then discuss your improvement plans with your B of M manager... in confidence. You'll like his helpful attitude.

Juniors, Homemakers Big Day June 2

The annual livestock judging competition and achievement day for the Junior Farmers and Homemakers Clubs of York County will be held on Thursday, June 2, in Newmarket and district as in recent years, according to the decision of the county directors at a meeting held in the agricultural office last Friday night. The meeting, presided over by Lois Graham of Highland Creek, had representatives of all six Junior Farmer clubs and received a report of its Ontario Association Annual Meeting at Guelph from County Director, Stuart Watson, Agincourt. Miss Graham is also a director of the Ontario association.

For the judging competition, the boys will register at the agricultural office, 12 Botsford St., Newmarket, at 8.30 D.S.T., before proceeding to various farms of the community to judge classes of horses, sheep, swine, beef and dairy cattle. Lunch is being provided for the boys at noon by one of the farms to be visited.

The girls, who have been carrying on work and study clubs, "Being Well Dressed and Well Groomed" and "The Cereal Shelf," will register at the parish hall, Newmarket, at 8.30 D.S.T. where Miss Lucille Barber, home economist, will have a display of the work done by the girls. Visitors will be welcome for the afternoon program.

In the evening a banquet will be held for the two groups when the major prizes of the day will be presented. Plans were also made by the directors for the annual York County Junior Farmers' picnic and dance at Musselman's Lake on Friday, June 10.

Stay you read it in the Newmarket Era and Express.

Richmond Hill Fair Centenary May 24

Richmond Hill Spring Fair, celebrating its 100th anniversary on May 24, will feature the York County Jersey Show with 100 head of top notch cattle in addition to the horse show. York County is noted far and wide for its large number of prominent Jersey herds and this is rated as the outstanding county Jersey show.

The County Jersey Club is handling that part of the Centennial Fair and is housing its cattle in the arena. They are erecting bleachers in the horticultural garden to the west of the rink where the cattle will be shown in beautiful surroundings commencing at 10.30 in the morning.

KESWICK

Last Sunday the United church was decorated with flowers of various kinds adding beauty and fragrance to the loveliness of the church. The subject of the sermon by Rev. M. R. Brown was "Unconscious Living," and the music by the choir was exceptionally fine. Miss Joyce Porter took special part in the anthem, "Holy, Holy, Holy."

Mr. J. C. Purdy with his large class of young men, known as the Four-Square Club, occupying front seats in the church after his Sunday-school Bible class, gives added inspiration to the church service.

The combined meeting of the United church W.A. and W.M.S. will be held May 25 in the church. The postponement of the meeting was due to the church being newly decorated earlier in May.

Three of us were chatting the other evening when somehow, we got talking about old times at Bond Lake, two of us telling the third what jolly good times we used to have there. And it was really a very popular spot, not only for us in and around Newmarket, but picnic parties from Toronto also made good use of the accommodation there. Of course there was no swimming, but there was plenty of boating, and a little pleasure craft made periodical trips around the lake. It was well patronized too, as were the row boats and the canoes. There was a little look-out over the top of the boat-house with seats which was a favorite spot. There were swings in several places, and merry-go-rounds which the children could manipulate, sand boxes and wading pools with graduated depths, delightful paths along the shore with seats every so often, and on the point before you turned east to the end of the lake, a few picnic tables with attached benches and a life-saving station.

The wooded hills were also an attraction with their beautiful evergreens. Then the pavilion sheltered folks should a storm come up. There were plenty of tables and benches, and a good kitchen with an ample supply of dishes for a good-sized Sunday-school picnic. Of course there was the "shop" which supplied ice cream and lollipops and all the rest of the things children love at a Sunday-school picnic. It was also well patronized as a dance pavilion for it was well lighted and had a good floor. Who provided all this? Why the Metropolitan Company that ran the Metropolitan streetcars from Toronto to Jackson's Point and Sutton on Lake Simcoe.

The Office Specialty used to have its annual picnic there, ending with a dance in the evening. The Metropolitan Company also had its annual picnic there and with your ticket you were given a box lunch—that was for employees and their friends.

Then we began recalling the annual picnic up at Jackson's Point—the Lennox picnic. And it wasn't just the Conservatives either who thronged to that amazing annual picnic. Wilcox Lake also was a pleasant bus but you had to drive in a "livery bus" before the days of the motor car. Nowadays we can go anywhere we please provided we own a car, and the days of the Bond Lake Sunday-school picnics are only a memory of middle-aged folks.

Bond Lake has been sold by the Metropolitan Company and is now private property. Wiloughby's at Island Grove, that accommodated Sunday-school picnics after lovely Morton Park was sold, is also privately owned. And to come down to real facts, what about the old-time Sunday-school picnics—are they also now just a memory? Boys' and girls' summer schools, supervised summer camps and privately owned summer cottages have somehow made the old-time family Sunday-school picnic a "back number."

Like Lake Wilcox in the old days, you could get to Musselman's Lake only by horse-drawn vehicles—but look now—every inch of shore line practically privately owned except the pavilion, and Musselman's Lake is now the popular place for picnics. How times change! I wonder just where will be the popular picnic place in another 25 years. No doubt we'll all travel by airplane—maybe in our own private helicopter. Who knows? All the same it is time to hunt up the picnic equipment, bathing suits and sun glasses, and all the rest that makes up our summer wardrobe. Summer is just a month away, and then the sun starts to again travel north. Don't waste a minute of our short precious summer-time. But look out for sunburn—it can spoil your whole summer. Just one short half-hour of indiscreet sun-tanning can ruin your whole holiday.

Scout, Cub Mothers Concert At Belhaven

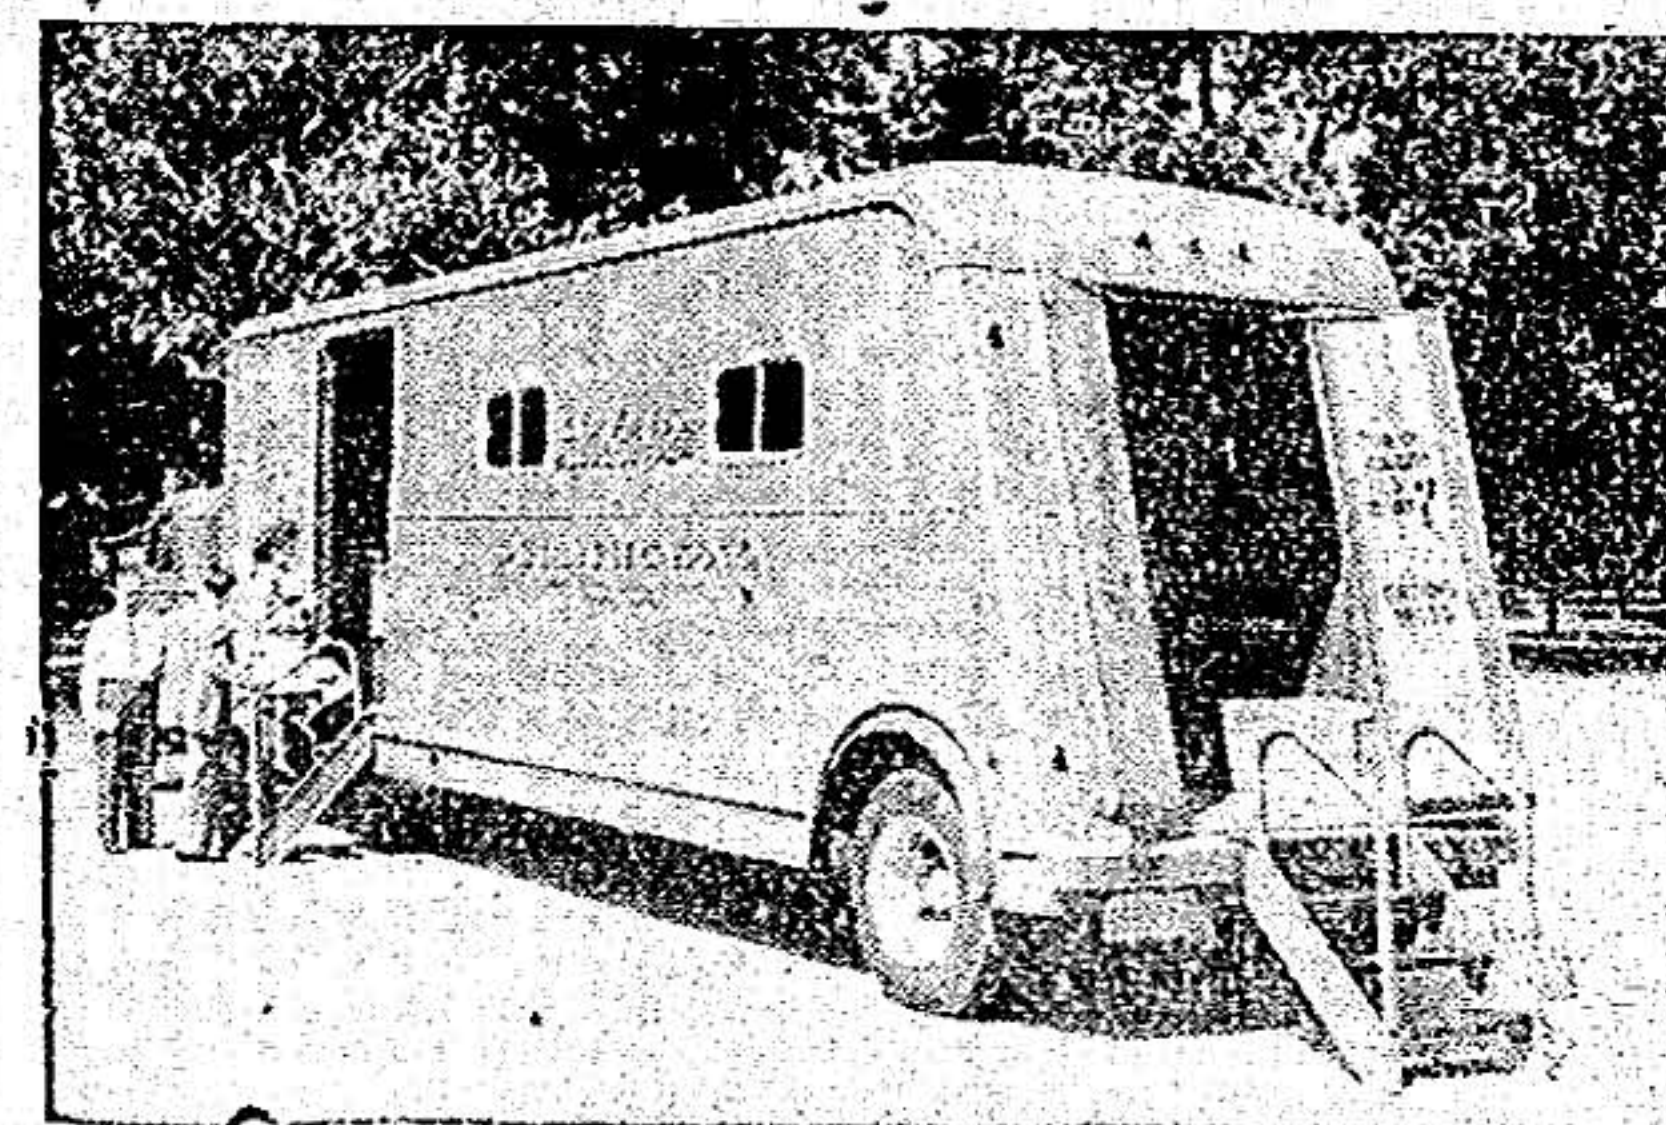

Belhaven—The Cub and Scout mothers, who have held practices in the Belhaven Hall for several weeks past, will present their concert and two plays on Thursday and Friday evenings of this week, May 19 and 20, in the Community Hall, commencing at 8 p.m. See posters. Come and enjoy an interesting program. Proceeds to help the Scouts and Cubs.

The weather is beautiful. No need to go to Niagara to see a profusion of "blossom time" in apple and pear orchards. Farmers are having good weather for seeding. Mr. and Mrs. A. J. Wilson, Toronto, visited Mr. and Mrs. Wm. Winch on Saturday afternoon.

Safe Driving Tests To Be Offered At Legion Sports Day, June 8

Peering into a mirror immediately in front of him, the driver taking the field vision test above notes the time at which he observes indicators moved up from the left and the right. From this test is determined the area in which he will be able to detect objects approaching from the rear on either side of him while he is driving. A testing official is recording his field vision in degrees, read from the calibrated scale.

Spend 15 minutes inside this trailer and you will have a scientific estimate of your aptitude for driving. The huge red van is the John Labatt Limited safety demonstration trailer specially designed and constructed and fitted with equipment for testing visual acuity and field of vision, distance judgment, strength, color discrimination, steadiness, glare acuity and reaction time.

How do you rate as a driver? Visitors to the Newmarket Legion Sports Day June 8 will have an opportunity to have this question answered at the safe driving demonstration sponsored by John Labatt Limited.

This demonstration will take place in a specially built 35-foot trailer which is equipped with approved testing devices. These devices measure the driver's physical capacity such as vision, reaction time, steadiness and strength grip. In all, eight tests are given and at the conclusion of the tests every person's score card is analyzed and a rating given.

Any person over the age of 16 years is invited to take these tests which are the same as those used by large motor fleet operators in Canada and the United States for selecting, testing and training their drivers. They are also used in the United States in conjunction with the high school driver training programs.

The Labatt mobile safety unit has already visited numerous towns and cities throughout the province. At the Canadian National Exhibition nearly 7,000 people were given free tests under the supervision of trained examiners from John Labatt Limited.

When you attend the Legion Sports Day on June 8 be sure and visit the safe driving demonstration trailer to take the free driving tests.

Wm. T. Lloyd Buried Active Church Worker

William Thomas Lloyd, who had been a druggist in Mount Albert for 56 years, died in York County hospital, Newmarket, on May 3. Mr. Lloyd came to Mount Albert in 1890 and only three years ago, he sold his drug business to retire.

He was born in Kettleby, April 26, 1863, the son of the late Mr. and Mrs. Charles Lloyd. He married Sarah Cleland who predeceased him in 1924. A member of the Mount Albert United church, he was an elder and a teacher in the Sunday-school Bible class for over 50 years. Another link with the past that has gone, Mr. Lloyd will be missed by many who know him as a reliable druggist and those who attended his classes. Since he retired three years ago, his chief interest had been in gardening.

Surviving him is one daughter, Olive, at Lorne. The funeral service was conducted by Rev. C. P. Shapter in the chapel at Mount Albert on May 5. Pallbearers were the elders of Mount Albert United church. Interment was at Newmarket cemetery.

"We Liberals have dedicated ourselves to maintaining a high level of employment and income, because that means a high and widely distributed standard of living for our people."

Prime Minister Louis St. Laurent

You share—
every Canadian shares—
in the greater

Opportunity Prosperity Security

brought about by
constructive Liberal policies

Liberals mean what they say. Look over the record of the last five years—the most impressive period of prosperity and growth in our history. It shows that Liberal performance exceeds Liberal promises.

Under Liberal policies, Canadians can be confident that this forward march will continue—that Liberal promises will again be carried out.

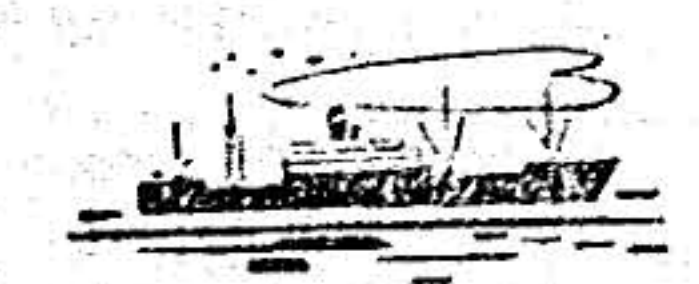

More Jobs—More Income

More people are working than in any previous peacetime period—nearly a million more than in 1929. National income is three times as high as in 1929, is more widely distributed than ever before.

More Savings

People have nearly 2½ million more bank accounts than before the war. They have put aside more than 4 billion dollars in personal bank savings.

More Production and Trade

The federal government has, since 1915, invested one billion dollars in Canada's children. Four million boys and girls in 1½ million families are receiving a better start in life. Benefits are being extended this year.

More Family Allowances

The federal government has, since 1915, invested one billion dollars in Canada's children. Four million boys and girls in 1½ million families are receiving a better start in life. Benefits are being extended this year.

More Old Age Pensions

Federal payments have been twice increased since 1915. The new pension basis is now increased to \$10.00 a month, providing greater comfort and security for the aged and blind.

National Health

Health grants to provinces are helping to build a stronger nation. Many projects are already under way: nine province-wide health surveys, 18,000 additional hospital beds, training for health specialists, increased health services and research.

Aid to Home Builders

Close to 300,000 dwellings have been built since the war. More homes have been built in Canada, in proportion to population, than in any other country; and more were built last year than any time in our history.

And lowered taxes as well!

By careful administration the Liberal government has established these records and been able at the same time to cut the national debt by 1,625 million dollars. And every budget since 1915 has announced lowered rates of taxation.

Pages from the Editor's Notebook

We skipped into the city on Saturday night to see the ice show, taking advantage of the generosity of our baby-sitter to include dinner out in the arrangement. Our choice of restaurant was the Maison Dore on Asquith St. which, as the name suggests, serves an excellent meal in French style. We had been there before to eat a meal which took us a couple of hours to complete and we have been wanting to return there ever since.

It was as we had remembered it. The restaurant is in a house which has had the partitions knocked out to provide a series of rooms with entry to each other by large arches. The effect was one of intimacy and at the same time space. One of the rooms was decorated by cartoons by the Globe and Mail cartoonist, Jack Booth. Another had a series of Parisian scenes painted on the walls.

Service at the Maison Dore is seemingly casual. There is none of the bustle and bowing and scraping one associates with large hotel dining rooms. The guests find their own tables. After a suitable interval in which one has time to consider his surroundings, the proprietor approaches with a word of welcome, followed by a waiter with plates and glasses. The hors d'oeuvres are wheeled in and left at the table. What a variety they offer. Every manner of pickle, small salted fish, onions, cheeses, meat compounds, some twenty-five dishes in all, in themselves a meal.

The main course is either chicken or filet mignon followed by a French pastry and coffee. The whole of it is served in a leisurely manner but with such attention to details that one feels he is indeed a guest of the house and not merely a source of income to the proprietor.

Such places as the Maison Dore are, alas, somewhat rare in Canada with the possible exception of in Quebec where more attention is paid to the pleasures of good eating and service. That is something we Canadians have yet to learn—that there is more pleasure to be had from eating than the mere filling one's belly. We stick to certain dishes without daring those adventures of taste which the odd good restaurant has to offer. And even when we do settle down to an excellent meal, we are inclined to treat it rather grimly. We chump and chaw our way through our food with one ambition, to empty our plate as quickly as we can. We are impatient with slow service, fretting ourselves about it instead of enjoying an opportunity for some quiet reflection or pleasant conversation.

It is curious we should be so oblivious to good food when there is such an abundance of excellence within our reach. Canada has many specialties, marine foods from the east and west coast, Quebec cheeses, maple syrups (genuine article not the over-sweet product so often served) pea soup, the Winnipeg goldeye, and hundreds of local dishes which are truly delicious. We sometimes see them on the menu but because we are unfamiliar with them, and have not learned to enjoy our food we return to the standard, mass produced, dishes with which we are acquainted—and miss a good deal of eating pleasure.

From the Files of 25 and 50 Years Ago

Last Wednesday work was started on demolishing the old wooden high bridge on Queen St. over the railroad tracks, according to the files of 25 years ago. It is estimated that the new bridge will cost \$8,000. Mr. G. Plaxton, Allandale, who is in charge of the new structure, expects to complete the work in about two weeks. This will be the fourth bridge since the railway was constructed 71 years ago.

Mr. Hiegh has rented Mrs. L. Luke's store, Mount Albert, and intends running a confectionery business.

Miss Elsie Scott is appointed by the Toronto Presbyterial as a representative of the C.G.I.T. groups at Lake Couchiching. Mrs. Mary Boag has returned to her farm at Boag's Crossing after spending the winter in Ohio.

Mr. William Hilt has sold his house on Queen St. to Mr. W. Lawson, who has taken possession. Mr. Hilt has moved to a market garden plot on Gorham St.

The home of Mr. Hamilton, Mount Albert, was completely destroyed by fire on Monday night. The cause is unknown. Mr. Hamilton and his daughter escaped without any injuries, but his son, Louis, was badly burned.

Messrs. Gordon Manning and Fred Cole, who are employed at the Office Specialty Works, left on Wednesday morning for Rochester on a business trip.

The Anglican Young People's Association closed a membership campaign with a banquet last Tuesday evening in the parish hall. Leslie Reilly, the retiring president, presided over the program which included solos by Joyce Larkin and Flossie Moore. The new president is N. L. Mathews.

Mrs. Sparling is back in charge of her grocery store at Schomberg after having rented it to W. A. Pringle for the past four years.

At the annual meeting of the Montreal Y.M.C.A. on Tuesday evening a silver tea service was presented to Mr. D. A. Budge, a Newmarket man, according to the files of 50 years ago, who has filled the position of secretary for 25 years. Mr. Budge was also guest of honor at a banquet on Wednesday night held by the businessmen of Montreal.

Mr. and Mrs. Grant Hughes have returned from South Carolina and are visiting Mr. Hughes' parents on Park Ave. Extensive improvements are being made to the premises of Thos. Gardner, Prospect Ave., including fencing, grading and a new road to the stable on the north side of the house. Strawberries are on the market this week.

Miss Alice Knight, Niagara Falls, N.Y., is here on a month's visit with her sister, Mrs. Sterland, Queen St.

Jas. W. Bunney, formerly of Newmarket, has been appointed choir master and organist for the First Congregational church, Ottawa.

The Misses Ross have purchased the property on Prospect Ave., opposite the public school, belonging to Robt. Alexander. The premises are being repaired and will shortly be occupied by the new owners.

Work on the track at the fair grounds is to begin next week.

Win. Low is acting as constable at the sessions in the Court House, Toronto.

Vincent Donne, one of Newmarket's oldest citizens, was working in the garden last Thursday when he was taken ill with a sunstroke. He was unconscious for over 13 hours, but is gradually improving.

Rev. Harry Anderson, formerly of Aurora, was the guest of Fred Saxon, Newmarket, last week.

The Editorials:

"Ole Man Holland"

There are two sides to most arguments (as witness the letter printed below) but we had not thought to see the processes of erosion placed in such a favorable light as they are by a Mr. A. B. Genung, who writes a "Country Almanac" for private distribution. In a recent issue, he says:

"Erosion is one of the two or three most beneficial forces in nature. It is the force that has given the human race all of its great granaries: The Valleys of the Nile, Tigris, Euphrates, Ganges, Yangtze, Danube, Mississippi. Water, cutting away at the hills and mountains for millions of years, has brought down soil from the high unuseable peaks and spread it out in those billions of acres of flat, fertile valleys where man grows his food supply.

"Not only the big river valleys have been made by erosion. Every little river, creek and brook has made its valley for us, covered and recovered it millions of times with fertile silt from the useless uplands, given us our cradles of soil, big and little, whence the race draws its substance. Without erosion this planet would be a sterile chunk of corrugated rock."

And he argues further, that while it is true "that the Mississippi carries a lot of soil down to sea because Americans have fenced it in, in a far older land, Egypt, they have for thousands of years welcomed the spring floods that so enrich their valley from worthless hills. Father Nile is not damned as a robber but rather is worshipped as the ally of hungry mankind. And so Father Mississippi is, too, in fact, though we do our best to discredit him."

The "Father Holland" carries its share of top soil in its muddy flow and no doubt deposits it from time to time in places where it can be used although tests taken of soil in Fairry Lake bottom showed it singularly bereft of those advantages in fertility of which Mr. Genung speaks so lyrically. However, the Holland is not robbing the "unuseable peaks" but the very useable farms which lie within its valley. We see nothing advantageous in transferring top soil from good farms to a somewhat doubtful haven in a silt bed on the valley floor.

Accomplishments Count

Mr. Drew's campaign has so far been one baseless denunciation after another. It has been sterile of concrete proposals to improve the administration of the country. But that is to be expected. The association of Mr. Drew with campaign pledges is not a happy one for Conservatives. It recalls other campaign promises like the 22 points which Mr. Drew parlayed into the Ontario premiership—and then forgot he had ever made them.

His latest outburst is directed against the budget which, he claims, is not worth the paper upon which it was written since parliament was dissolved before it could be passed. What utter nonsense! No government would commit itself to a popular budget if it did not intend to implement that budget when returned to office. How wild are the imaginings of Mr. Drew if he thinks the voters will believe this claptrap. Does he, for one moment, believe these things aren't so, that we deny the evidence of our eyes when we look upon the government-built home, or when we receive a Family Allowance cheque. No government as darkly painted as the Liberals have been by Mr. Drew could have possibly accomplished these things. Yet, there they are.

Of what worth are Mr. Drew's charges when compared to such Liberal accomplishments as the national health program, Family Allowances, construction of 300,000 homes, high level of prosperity, increased old age pensions and social security measures undreamed of by Conservative policy makers. Mr. Drew demands we believe these things aren't so, that we deny the evidence of our eyes when we look upon the government-built home, or when we receive a Family Allowance cheque. No government as darkly painted as the Liberals have been by Mr. Drew could have possibly accomplished these things. Yet, there they are.

The Canadian voter is not a fool. Sensationalism and excesses may excite the support of the thoughtless few but when the chips are down it's the record of accomplishment, not the record of broken promises, which will determine the issue.

Planning Would Help

The housing boom which has steadfastly developed in Newmarket since the war shows no signs of abating. Mr. Stanley Miller plans a sub-division on the north-west corner of Lorne Ave. and Eagle St. and has levelled the land there for building lots. Council was told on Monday night that there was a demand for town

lots on Roxborough St. on the eastern limit of the V.L.A. sub-division.

Short of a wholesale slump, which is highly improbable, the growth of Newmarket's residential areas should continue for some years yet. Strengthening the natural demand for building space which follows as children grow up, marry, and look for their own homes, is the steady influx of home-owners from the city and the surrounding district. Newmarket is ideally situated to catch the overflow of families from Toronto and because of its central location, it is the natural point for those from the surrounding district to move to.

Desirable as such a development may be, it is not without its problems. New residential areas mean a strain upon the municipal services. New sources of water must be found, sewers laid, roads and sidewalks put down. A growing population means a greater congestion on Main St., more pupils for the schools, in short, a host of problems great and small which the town council must attend to.

Council can, however, ease the burden of these growing responsibilities by the establishment of a planning committee which could study and advise council on problems relating to growth. It is not a new proposal. It has been brought before council in the past but it has always been rejected. We suggest it be reconsidered. With a growing population, the council needs every assistance in coping with its increasing burdens.

Despoiling Nature

The indignation with which "Back Concession" addresses himself to those "lovers of nature" who rob the country of its young trees and flowers for a doubtful place in their gardens is shared by most rural dwellers. It is a sickening spectacle, the weekend travellers returning to the city with the tops of evergreens protruding from their cars, the roots improperly protected. For every tree so transplanted, our guess is that a good ten of them die in the process.

Spring flowers are readier victims—there is less effort to picking them or digging them up. The trillium, Ontario's flower emblem, has almost disappeared because of its popularity. They are picked, or dug up for a transplanting few survive, before they can propagate themselves. Forest places which once abounded with these flowers are now empty. A 24-hour guard with a shotgun is required to protect those that are left.

The fruits of the forest and meadows are best enjoyed in their natural setting. Transplanted, they wither and die. The city-dwellers are unable to share the beauties of nature that country dwellers take for granted but at the present rate of destruction there will be no beauty left to enjoy by anyone.

The Forum:

The editor: In last week's issue of your esteemed journal, an editorial appeared on this subject, and contained the suggestion that the lake should be filled in and made a recreation centre which would tempt summer travellers passing through the town to tarry for a time. Surely the people of Newmarket will not stand idly by and see a vandalism committed? Fairy Lake is the one beauty spot of our town; and if some members of the council have no idea of, or love for, beauty, surely they should bear in mind as representatives of the people that many townspeople do love the beauty of our lake. The pond at Uxbridge is an example of what can be done with such a body of water.

Furthermore, how many places of recreation does the town need? We have Lions Park and now the council has given over the old fair grounds to the veterans for recreation purposes. And pray, which should be given first consideration—recreation for visitors passing through the town, or for the children of residents who in winter have had the lake for free skating. If the artificial ice scheme is carried through, the children will have little chance to skate at the arena; and if the lake is taken from them where will they go? As to attracting passing visitors which is the more attractive, a plain grass field or a pretty lake? More than one family to my knowledge has been attracted to Newmarket, and built good homes here, solely by the beauty of the lake.

And there are many other matters which should be taken into consideration on this point, matters of a really practical nature. The town is spending heavy sums of money to try and find more water. Our best well is the one near the water works. I am no geologist, but one who is tells me that this well and Fairy Lake are related. The water sinks through and is purified by deep layers of earth and feeds that well. Drain the lake and in a few years you will drain the well.

(Continued On Page 5)

Office Cat reports Catnips By Ginger

I am going to buy a goldfish bowl and some fish and I will sit at home and I will fish there if I ever get the urge to go fishing again. This resolution is the result of a trout fishing expedition last Saturday.

Me, a tenderfoot fisherman and my uncle, Col. Buddington Gelish, B.S., P.D.Q., Master of Horse and Knight of the Pink Garter, who is a seasoned trout man of the old school, rose at a wretched hour on Saturday morning and made off to the north country. Being an army man, the colonel had the back seat of his Nimrod Six full of more gear and tackle than an American tourist would have.

"Where there's fish, we'll catch 'em or I'll eat my hat," roared the colonel as we drove into the jungles of north eastern Haliburton. He never did eat it.

We parked the Nimrod by a babbling brook and unloaded the equipment. Fishing was new to me, I say. You know, it takes about an hour to get one of those long trout rods assembled. I had to climb up into a poplar tree to fasten the pieces together. It was so long that I cast my bait into the middle of a farmer's field on the other side of the stream. So I backed up into a nearby railway embankment and cast from there. I still fail to see why one needs a great long rod for a creek four feet wide but I asked the colonel no questions.

The fish there were fine except that we didn't catch any of them. I saw one fat little trout. He came along, sniffed at my bait, turned up his nose and swam away. The critter made me feel I was not good enough for him.

The colonel was out in the middle of the creek flailing the water and thinking that he was having a wonderful time. He would put a great glob of bait on his hook and call to the little fish. "Come now, my little friends, you'll eat this and love it. Why I could almost eat it myself." But the fish didn't, so we pressed on northward.

On and on northward we went, casting about in every stream. No fish. I was ready to give up any time but the colonel went on frantically. "We will never surrender," he would say. "We'll fight on the beaches, on the landing grounds."

While we were fighting our way through some heavy undergrowth a reconnaissance sortie of black flies spotted us from above and attacked. Like giant clubs, they went away and came back with two friends and started eating us alive. A supporting flight of mosquitoes followed with a secondary attack. A mosquito and a black fly charged me at the same time and stopped. Their conversation was something like "... after you, after you, no you go, no you go ... so they both took after my right ear and started fighting over it. I took advantage of the row and fed. This was the only thing that saved me.

On the way home, however, we were cursed again by bad luck when an intricate piece of mechanism on the Nimrod's accelerator refused to function. The colonel put out his master mechanic's hand book of the first world war and we were an hour, in which was a squabble, and more mosquito and black flies, fixing it with a piece of chicken wire.

I went home bitter, scratched, cold, half-dead and faced the problem of explaining why the fish would not be caught. It's a useless cause.

I think old Thomas Edison had the right idea about fishing. While thinking up his inventions, he used to sit on the end of a dock with his fishing pole and line in the water and no one would bother him. But he never put a hook on the end of the line.

by "Back Concession" The Top Six Inches

The expression, "they have a green thumb," means that people do well with gardens and plants, flowers, and. We often smile when we hear people say, "What a lovely garden—and flower bed!" Our garden and flowers never do any good!

There is a reason for everything, a reason why flowers will grow for one and not for someone else. And there is no secret about making things grow. The "green-thumb" person just has good common sense and is not afraid of work. Good common sense to know what kind of soil and place to plant in, to know that the soil must be loose and in a good state of fertility, that the plant can't be left without some attention.

The hoe is where the work comes in. The soil gets packed so hard that sometimes the seed and plant can't come through the ground. One thing that can't be done is to get something for nothing from the soil. We see our friends from the tower and cities come out and die up young trees, put them on the outside of their car, the roots exposed to the wind and air with the result that the little fibre roots are dried out with no chance to take root. In blossom time, no thought is given to spoiling the tree. Just break the branches off and take home a nice bouquet.

There are two things that we must have in our country, trees and livestock. Trees will hold moisture and livestock maintain the fertility of our soil. Anything that hinders the raising of livestock or destroys young trees just helps our common enemy, erosion. In the war years in England there were some strange laws and controls put into force. Farmers were told what to grow and how to do it. The government saw that the prices paid the farmers were enough that the farmers could farm their land right and that there was a profit for agriculture. Some English farmers moved away, but no one says that the English farmers are not doing well.

We have as deadly an enemy in erosion of our soils as the German army ever was. The British people have learned a lesson from the war, that the agriculture is the most important part of our social set-up. The British farmer knows at least one year ahead the price he will receive for his produce. We farmers in Canada do not know what we will receive. In the spring we start with baby chicks or a litter of pigs. In the fall we may get the cost of our feed or we may not. We farmers are getting fed up with the fluctuation of farm prices. If agriculture prices can have stability in other countries, why not here in Canada? We had in war time stability in farm prices. As long as the farmers take these prices up and down, we can expect that our soil will be robbed.

Trees that should be left on the land are cut for fire wood. Cash crops are grown instead of livestock. These two things make for a poorer Canada. Our government leaders know what should be done about erosion. Agriculture prices must be such that the farmer will put as much back in his soil as he takes out. To do this, he must have livestock not cash crops, and plant a tree for every tree cut. A real farmer will do these things and keep his soil in good fertility. We have too many get-rich-quick farmers. Cash crops at the expense of our soil mean cheap food but it will be very costly when taken at the expense of our soil. Cheerio.

THE OLD HOME TOWN By STANLEY

The state is the servant, not the master, of the people; the state is their guarantee against infringement on their rights, their agent in international and national issues; it is not the function of the state to assume the direction of those activities which rest on individual choice.

So from practical aspects as well as ethical, it is to be profoundly hoped that the council will consider no scheme which would destroy for ever Newmarket's one beauty spot. A legal question also is involved. Has a council the legal right to destroy a natural lake? I am informed not.

Finally, I would point out the lake is part of Newmarket's inheritance and no such important question as that of destroying it should be decided without first putting the question to the residents as a whole.

In conclusion, I would say that the opinions I have here expressed are not mine alone, but are shared by very many residents with whom I have discussed the matter.

"A Lover of Beauty"

CANADA'S LARGEST

Carl Anderson's 16th Annual Corn Roast

will be held on the usual date

3rd Saturday in August - Aug. 20

SAME LOCATION

Over 4,000 attended last year and their enthusiastic comments are responsible for this year's plans for a bigger event and a greater attendance.

Support Artificial Ice by Eating Anniversary CAKE

This is how you can help support artificial ice. Monday, May 23, is Broadbent's second anniversary of business in Newmarket. To celebrate this event we are baking an anniversary cake and cutting it in individual pieces to give all the opportunity of tasting our pastry. There will be no charge but a donation will be gladly accepted with each piece to be passed on to the artificial ice campaign.

Seldom Seen Gets New Main Street

Have you ever been to Seldom Seen? Or Cherry Street? Probably not. Anyway, Cherry Street is a winding, little-known trail through Seldom Seen, between the seventh and eighth of Whitchurch. Or at least it used to be; but not any more. Now, instead of being a meandering path, it is rapidly being made into a first class road. The residents of Seldom Seen felt they were entitled to a better highway which would enable them to get to the neighboring metropolis of Vivian in comfort.

There was sufficient popular

demand for this local improvement that township council felt justified in proceeding with it. From now on Seldom Seen will have a nice wide Main Street (oops, I mean Cherry Street) that will be kept open the year round.

The work is being carried on under the direction of road superintendent Ernest (Sandy) Davis. The bulldozing is being handled by Storms Construction Company and the rest of the work is being done by township equipment.

News From Keswick

Miss Ellen Pollock of York County hospital staff, is convalescing after a recent operation at the home of her uncle, Mr. Freeman Pollock.

Mr. Harley Morton has started work on his new home here. W.C.T.U. Meeting

The May meeting of the W.C.T.U. was held at the home of Mrs. John Hopkins. A splendid editorial on the liquor question written by Dr. Shields was given by Mrs. Frank Marritt. Mrs. Serrick's topic on temperance was divided into several parts. The various members took these parts and it proved interesting. Mrs. Whipple gave two solos which added much to the enjoyment of the meeting. We were all pleased to have our honorary president, Mrs. Wilder, with us again. The June meeting will be held at the home of Mrs. Hob-

HOLT

A miscellaneous shower was held at the home of Harvey Gibney on Friday evening, May 13, in honor of Alma Wilson, Newmarket, formerly of Holt. The bride-to-be received many useful and lovely gifts.

We were pleased to see so many at the delayed Mother's Day service on Sunday morning. Each mother present received a gift. The oldest mother, Mrs. Thos. Rye, received a lovely plant, also the youngest mother, Mrs. Irvine Marles.

Francis Gibney arrived home last Sunday from his trip to Drake, Sask. He reports the weather very dry with sand storms.

Mr. and Mrs. Gordon Coates and Mrs. Thos. Rye had Sunday dinner with Mr. and Mrs. John Kullington, Ravenshoe.

Miss Margaret Rose, Mount Albert, spent the weekend with Miss Ruby Rose.

Mr. Harry Coles, Barbara and Beth, Barrie, and Mr. John Gibney, Bradford, spent Sunday at the home of Harvey Gibney.

Mr. and Mrs. Murray Pegg, Mount Albert, Mr. and Mrs. Jack Alleyne, and Mrs. Eliza Jane Ralston spent Sunday at George Marle's home.

Mr. and Mrs. Kenneth Rose and family, Mount Albert, spent Sunday at Carman Rose's home.

Mr. and Mrs. Stewart Travis and Iva spent the weekend at their cottage, Fernhill, Glen Sibbald Beach, also Mr. and Mrs. Bert Clark, Toronto.

Mr. and Mrs. Huntley Taylor, Newmarket, Mr. and Mrs. Don Thompson and Judy, spent Sunday with Mr. and Mrs. Milton Gibney at their cottage, Glen Sibbald Beach, Lake Simcoe.

Miss Doreen Pegg, Sharon, spent the weekend with her sister, Mrs. Irvine Marles.

Mr. and Mrs. Wm. J. Wagg, Uxbridge, spent Wednesday of last week at the home of Mr. Jas. Knott.

SHARON

Miss Doris Mackie spent the weekend with her grandfather, Mr. Wilfred Fountain.

Mr. Philip DeBritigny, Desjardins, is spending a few days here with his mother, Mrs. De Britigny.

The Women's Association of the United Church is having a supper on June 21. Further particulars later.

The Misses Evelyn and Violet McDonald, Toronto, and Mr. J. McDonald, Orillia, spent the weekend with their uncle, Mr. C. H. Wright.

Mr. Ted Fife, Toronto, spent the weekend with his parents, Mr. and Mrs. Howard Fife.

RAVENSHOE

The W.M.S. will meet Wednesday at the home of Mrs. Irvine Rose at 2.30 p.m. Roll-call will be answered by a Scripture verse containing the word "duty". Mrs. S. Thompson, Queensville, will be the guest speaker. There will be a display of quilts, layettes and clothing. All ladies are asked to please bring their articles for the missionary bazaar to this meeting. Everybody welcome.

ROCHE'S POINT

Mrs. Puxley has her mother, Mrs. Sedgwick, visiting her. Some time ago she fell and broke her hip but is getting along nicely.

Mrs. Fenning has her friend, Mrs. Crow, Toronto, as guest for the week.

Mr. and Mrs. G. Young, Toronto, visited the Misses Young on Wednesday of last week.

The W.I. euchre was quite a success. Mr. Clyde Draper donated the prizes which were won by: ladies, Mrs. Brown, Mrs. Sinclair, Mrs. Ross Curtis; men, Ross Hare, Mr. Henratty, Clyde Draper. Mrs. Collier, Willow Beach, donated a lovely hand-crocheted centre piece which was won by Mrs. Henratty, Willow Beach.

Mrs. Arthur Badland and friends were at her summer home on Sunday.

Glad to hear Mr. J. Badland is improving from his bad fall last week.

Mr. and Mrs. Percy Diamond and Barbara spent the weekend with Mr. Diamond's mother at Boyer's Road.

Mr. and Mrs. Doyle went to Niagara last weekend to see the blossoms.

Mrs. Meadows was at her summer home over the weekend and Mr. Herbert Cole and family visited his mother's home last week.

BROWNHILL

The ball game at Willow Beach was enjoyed by a great many of the Brown Hill folk. The score was Willow Beach 15, Brown Hill 8. Of course the players are just beginning. We were glad to have Harold Simms, Toronto, to help as pitcher. Dufferin Sedore injured his back but we hope he will be fully recovered by the next game.

Mr. and Mrs. Cecil Corps spent a few days in Toronto last week.

Mr. Kenneth Williamson was home for the weekend.

Mr. E. Travis and sister have moved to Mount Albert. We wish them success and happiness after all the misfortune of losing their home last year and then their horse. Bad luck has surely followed them but we hope now all will be well.

Mr. and Mrs. Turner and Mr. and Mrs. B. Macnamara were at their homes over the weekend.

Mrs. Sara Miller has been away for a few days after taking a dizzy spell last week. She had to have several stitches in her head and was badly cut on her arms. Noreen Miller, her granddaughter, has been quite a good girl to help look after the home during Mrs. Miller's absence. We hope Mrs. Miller will soon be quite well again.

Mr. and Mrs. F. Jones will soon have all the alterations complete on their home. They have been quite busy with carpenters and hydro men.

Mr. Billy Sedore has been quite ill and the doctor was called last Sunday and found it necessary to call on Monday. We hope he is soon well again.

Sunday-school next Sunday, May 22, at the little Free Methodist church. The weather is so nice now, why not the adults come along to our Sunday-school. The verse to learn begins with the letter M. Sunday-school starts at 10 a.m.

There's a big investment behind the gas for every car

Finding oil and bringing it to you—in the kind of products you need, and at low prices—is a big job and takes a lot of money. Behind that dependable supply are thousands of Canadians engaged in finding, producing, transporting, refining and marketing—working with tools that cost hundreds of millions. But the investment in those tools is your guarantee of adequate supply and minimum price.

FIRST, the oil must be found. This means expensive equipment and the risking of money in patient search. A single deep test drilling rig is worth half a million dollars and one unsuccessful well in the Alberta foothills has cost more than a million. Then when oil fields are found, they must be developed; just to drill and equip one well in the Leduc field costs about \$100,000.

SECOND, crude oil must be transported to a refinery. Tank cars, pipe lines and ocean and lake tankers are the vehicles. A large pipe line may cost \$100,000 a mile; Imperial's largest tanker, just put into service, cost more than \$5 millions.

THIRD, the crude oil must be refined into hundreds of useful products. Large and complex refining units are the workman's equipment here. To meet your increasing needs for more and better products Imperial since the war has added refining capacity to process an extra 31,000 barrels per day. The cost was more than \$30 millions.

FOURTH, the products must be marketed—this means they must be made available to you when and where you need them. The tools of the marketer are such things as service stations, truck fleets, coastal ships, barges, oil drums and tanks. This equipment, too, adds up to millions.

Canadians are using twice as much oil as in 1939. To help meet your increasing needs Imperial has sought and found new fields, built ships and pipe lines, erected new refinery units, installed new marketing equipment. It costs more than twice as much to do these things as before the war.

The money we needed to do these things came from borrowing, from the sale of investments and from earnings put back into the business after paying dividends.

This money is helping to provide the tools to bring you all the oil you need—at the lowest possible price.

Bringing you oil is a big job—and a costly one.

IMPERIAL OIL LIMITED

If you're interested in facts...

The price of a gallon of gasoline today is about the same as the price of a gallon of distilled water.

For years before the war the wholesale price of gasoline dropped almost steadily and although it has been caught in the general upswing of costs it has not increased nearly as much as other commodities.

Since 1939 the general wholesale price index has more than doubled but the petroleum products price index has advanced by less than two-thirds.

On its 1948 operations Imperial earned a profit equivalent to less than one cent a gallon for each gallon of products sold.

HOUSE FOR SALE

MOUNT ALBERT
On Wednesday evening a bus-
load went to Maple Leaf Gardens
to the Rotary Revue and also see
the popular guest, Barbara Ann
Scott. All returned with pleas-
ant memories of a wonderful
evening and a chance to see so
many talented skaters.
Friday evening the C.G.I.T.
girls with their leaders and
parents also enjoyed a trip to
the Revue and were thrilled by
the wonderful exhibit of skating
which to them meant "practice
makes perfect".
Mr. and Mrs. Frank Cunning-
ham left last week for Souris,
Man., to attend the funeral of
Mr. Cunningham's brother, Boyd,
who passed away after a long
illness at his home.
Mr. and Mrs. Lloyd Robertson
and Mr. and Mrs. W. S. Robert-
son spent the weekend at Fort
Erie with Mr. and Mrs. W. D.
Robertson.
Mrs. Murray Roberts had a
miscellaneous shower on Tues-
day evening for Miss Maude
McClelland, a bride of the near
future, who received many love-
ly gifts.
Clean-Up Time
Now is the time to clean up,
paint up and do your share to
make our town look better. Re-
frain from throwing papers, etc.,
around the streets and each one
could at least make the street
in front of his property look
neat and tidy and what a dif-
ference it would all make. Let's
all join the workers to make
Canada beautiful by starting in
our own home town.
Mr. and Mrs. F. G. Draper,
Toronto, were at the home of
Mr. and Mrs. W. R. Steeper on
Sunday.
Mr. and Mrs. Beverly Sinclair
spent Sunday with relatives in
Toronto.
Mr. and Mrs. Bruce Cumming,
King, were guests at the par-
sonage on Saturday.
Mr. Walter Graham has pur-
chased Mrs. Dawson Dike's house
on the highway and Mrs. A.
Sheppard has moved into the
apartment he vacated at the
creamery.
Word has been received of the
safe arrival in England of Mr.
and Mrs. W. Siorach and Mrs.
Brown after a pleasant trip ac-
ross the ocean.
Mr. and Mrs. W. Draper, Ross
and Mrs. Doris Stewart spent
Sunday at Scarborough Bluffs with
Mr. and Mrs. M. Lyons.
The Boy Scouts are sponsoring
a play "Cousin Jill from up the
Hill" by a troupe from Beeton on
Monday, May 23, in the town
hall at 8.15. Come along and
help the Scouts.
A public school meeting called
for last Wednesday evening was
so poorly attended that nothing
was done in regard to the school
buildings.
Plan for Furnace
At a congregation meeting at
the United church on Thursday
evening the board of stewards
were authorized to go ahead and
build a room at the rear of the
church for furnace and over this
a room space to be used as a
vestry and choir room and also
secure one new furnace. The
congregation will be asked to
raise \$3,000. This is a much-
needed improvement and de-
serves the co-operation of all
members and adherents.
The Boy Scouts will not be
collecting papers as at present
there is no market for them.
Staff-Sgt. Bruce Davidson,
Mrs. Davidson and Garry, Peta-
wawa, are visiting Mrs. David-
son's parents, Mr. and Mrs. Guy
Williamson.
Sports Day
Invitations are going out to all
Mount Albert old boys and girls
and friends in general for the
25th Sports Day. A grand day
of sports is planned which you
will find described on bills all
over the countryside. Prizes,
which you will be pleased to get,
will be given away and there
won't be a dull moment from
when you arrive till you leave,
providing the weather keeps
fine. Booths will have all you
need to eat and drink and the
Women's Institute will provide
supper from 5 to 7. Keep the
date in mind, Saturday, June 4,
at Mount Albert Park.
Miss Ann Carruthers is home
from Victoria College for the
summer.
Mrs. E. Hayes, Port Perry,
spent a couple of days last week
with Miss E. Hayes.
Times Do Change
Going through the attic of the
home of her father, Mr. Harry
Longhurst, Mrs. Murray Kirtton
found many old relics in old
papers and among them an old
Eaton catalogue of 1911 which is
surely worth scanning over. The
styles, specially ladies', showed
huge hats and willow plumes,
surely a curiosity. Long under-
wear was fashionable compared
to this day and age of brief
styles. Prints were good at ten
cents and 12½ cents per yd., coats
and suits about one-quarter the
price and everything is lower
proportionately. Mrs. Kirtton
will be pleased to show it to
you. These old relics were put
there by Mrs. Margaret Graham,
long since passed on, but still
remembered by the older people.

KESSLER
On Sunday, May 22, our Lady
of the Lake Catholic church will
open for services. There will be
classes at 9.10 and 11.10 a.m.

THE NATIONAL FILM BOARD will
be at the church hall again on
Friday evening at 8.15 with more
of their educational films.
Mr. and Mrs. Stanley Proctor,
Beatrice, Jack and Mr. Allen
Neale spent Saturday at Niagara
Falls and Buffalo.
Mr. and Mrs. George West, Mr.
and Mrs. Fred West spent the
weekend at Hamilton and Till-
sonburg.
Sunday guests at Mr. and Mrs.
Tom Blackburn's were Mr. and
Mrs. Ed Blackburn, New Toron-
to, Mr. and Mrs. Jack Ellerby
and son of Weston and Mr. and
Mrs. C. Cook and daughter of
Kettleby.

KETTLEBY
Mr. and Mrs. Ed Haines were
guests on Sunday, May 15, in
Winona at the home of Mrs.
Haines' sister and mother, Mrs.
Pattison.
Miss Evelyn Buttrey and Miss
Mary Niles, Toronto, spent the
weekend with Miss Grace Web-
ster.
Mr. and Mrs. Edward Antilla
and four children, Duluth, Minn.,
who were on an extended motor
trip through Ontario, visited at
the homes of Messrs. Oscar and
Silas Heacock, who are uncles
of Mrs. Antilla. This was the
first time Mrs. Antilla had met
her uncles and a very happy
Heacock family reunion was
held at the home of Mr. and
Mrs. Silas Heacock.

WORKING TOGETHER
SAFEGUARD YOUR HEALTH**

"HEALTH IS WEALTH"
"He who possesses health has the stuff of which happiness is made."
Your problem may be to put on weight or take it off, or perhaps you are
lacking the old push and power to get things done.
Don't try to fight the battle single-handed. Your first step is to call on your
doctor, confide in him, ask him for professional advice. He will know just what
to prescribe for your special case and when you have his prescriptions—well
naturally, your thoughts—and steps—will turn to this drug store to have those
prescriptions compounded.
Ask your doctor about us!

IT'S A Woman's World

BY CAROLINE E. ION

The small fry of the family came home from kindergarten the other day with a weird and wonderful picture of his own creation. To be truthful it did need some extensive explanations on his part before we, the eager parents, could see that it really did look like a cat-under-a-pine-tree-watching-a-robin. The black splotch on the top of the tree proved to be a crow's nest. . . All so logical and yet so different from the type of "art" that we as youngsters brought home to our doting parents. It called to mind the recent article of the Director of Art, C. D. Gaiskell, in which he explained art education to the parents.

"In former days teachers did practically all the thinking in art for children by giving them designs and pictures to copy and careful step-by-step directions to follow. Even if you did not like to draw carrots, you had to do it because this was considered good for you. The drawing of carrots was done in the interest of what was called 'the training of hand and eye'. Such a training developed a number of nervous twitches performed under rigid adult control.

"Today we approach art in school from the angle of the child's life. 'What did you do on Saturday?' we ask. 'How did you help mother yesterday?' 'What exciting things did you see at the circus?' 'Can you tell in a picture about The Three Bears?' . . . Thus the child begins to think, to plan, to experiment, and to learn to be responsible for his own actions. Today he works under the control of an inner discipline.

"The work produced by children under these conditions has qualities peculiar to itself. Little children are a kind of 'symbolic' statement. A round sort of thing with whiskers might be a sun or it might be a picture of father before he shaves. Art can be very revealing. Mother, being more important than a tree, is made much taller than a tree. In time this symbolism becomes more realistic. By the time a youngster is in his middle 'teens' his work begins under proper teaching condition to approximate the vision and style of an adult painter.

"Children paint or do craft with great sincerity of purpose. They are naturally honest creatures in art and craft work. An adult must respect their efforts, not always, but frequently on aesthetic grounds, and always because of its sincerity. If a child has done his best, he must receive praise for his efforts. Every household blessed with children who are old enough to hold chalk or a paint brush or who can cut or model three-dimensional material, should have a place where the children's work can be displayed. This will probably be in each child's own room. A piece of building board will do, hung low enough for the child to pin up his own work. Members of the family should make a point of periodically admiring the show.

"Every parent would find it profitable to read 'Art and Crafts in the Schools of Ontario', issued in March by the Minister of Education for Ontario. This book will be distributed to all teachers in the province. It describes in detail the present-day program of art education. After reading this volume, one will realize the tremendous potentialities for the development of every child to be found in the contemporary art program."

Friday evening found a group of the "B&P" club members and their friends flying, (or should we say "jolting") down to Toronto by chartered bus to the Art Gallery, Grange Park, to see the internationally famous Thorne Rooms. Now we know how Alice must have felt when she shrank to infinitesimal size. Passing the 29 tiny rooms, perfectly furnished on a uniform scale of one inch to a foot, or one-twelfth actual size, one became "curiouser and curiouser" as to how such perfection in miniature could be achieved.

In the Louis XIV dining-room hangs a real period "tapestry" made under a magnificent glass during that period for a lady's handbag. The "Alice-in-Wonderland" feeling is strengthened by clever lighting arrangements, with "sunlight" streaming through the doors and windows to cast shadows across the interiors.

But this is enough for now, perhaps we can continue next week. The exhibit will be in Toronto till June 7 and is well worth the trip to "The City".

C.W.I. TEA JUNE 17

Newmarket — The regular meeting of the C.W.I. was held in St. John's school on May 19. Plans were completed for the garden tea and bake sale planned for June 17. The tea will be held at the home of Mrs. W. A. McCaffrey, Lorne Ave.

HORT. SOC. EXECUTIVE

Newmarket — A meeting of the officers, directors and committee chairman of the Newmarket Horticultural Society will be held at the home of Mrs. Nelson on Wednesday, May 25 at 8:30 p.m. A full attendance is requested.

Home-School Annual At King George May 31

Newmarket — The annual meeting of the Home and School Association will be held in the King George School on Tuesday, May 31, with the meeting beginning at 8 o'clock sharp. Mrs. P. A. McClelland, vice president of the York County Home and School for this area, will be present to conduct the installation of officers.

Prizes for the Hobby Show essay contest will be presented to the winners. A cordial invitation is extended to both teachers and parents to attend this last meeting of the season.

Junior Ladies' Aid Has Monthly Meeting

Newmarket — The regular monthly meeting of the Junior Ladies' Aid, Christian Baptist church, was held at the home of Mrs. John Stephenson, Prospect St. Miss Shirley Cass and Mrs. Donald Clarkson were in charge of the devotional period. Mrs. Clarkson gave an interesting account of the origin of some of the favorite old hymns. A reading was given by Miss Ella Morton.

After a lengthy business session a delicious lunch was served by the hostess assisted by Mrs. Charles Wass and Mrs. Fred Cass.

LILAC TEA

Newmarket — A meeting of the Women's Association of St. Andrew's church was held at the home of Mrs. E. Atkinson on May 17. Mrs. Joseph Greer presided. Plans for the annual lilac tea were completed. The date was changed from June to May 26 because the lilacs will be at their best then. Mrs. Grant Sine is convening the affair which will be held in the basement of the church. There will be a sale of home baking.

ATTEND SERVICE

Aurora — The members of the Rebecca Lodge attended the evening service on Sunday at St. Andrew's Presbyterian church.

TEA AND SALE

Aurora — On Friday afternoon the Ladies of Aurora St. Andrew's church held a successful afternoon tea and rummage sale.

GUIDE SUNDAY MAY 22

Newmarket — May 22 is Guide-Brownie Sunday across Canada. In Newmarket this special day will be observed by a church parade to St. Paul's Anglican church. Brownies and Guides will meet at the Parish Hall not later than 10:30 in full uniform and then will proceed into the church for the special service.

PLEASANTVILLE

Several from this community attended a miscellaneous show last Wednesday night for Mr. and Mrs. Donald Johnston (Marjorie Hall), at the home of Mr. and Mrs. Don Stevens, 2nd line. Mr. George Hunt is on jury these days in Toronto.

Mr. and Mrs. Elgin Evans, Sharon, were Sunday dinner guests at the home of Mr. and Mrs. A. Colville.

Mr. and Mrs. R. Jewitt and baby Glenna, Kettleby, Mrs. G. McClure and Mr. E. Madill spent Sunday at the home of Mr. Orley McClure, Manchester.

Mrs. Chas. Toole, assisted by Mrs. Tucker, had Mrs. A. Lloyd, Mrs. G. McClure and Mrs. M. Sheridan as Wednesday night tea guests.

Those who motored to Niagara Falls on Sunday included Mr. and Mrs. Chas. Greenwood, Mr. and Mrs. Carl Greenwood and son, Charles, Mr. and Mrs. Jack Preston, David and Marjorie Preston, Miss D. Hatcliffe and Miss Joyce Van Luvan.

Guests who called at the M. Sheridan home on Sunday were Mr. and Mrs. C. Atkinson, Bethesda, Mr. and Mrs. M. Fines and Mr. and Mrs. C. Fisher and three children, all of Newmarket, also Mr. and Mrs. D. Harrison and children of Aurora.

The funeral of Mr. George Toole was held on Monday from the Roadhouse and Rose funeral parlors with interment at Pine Orchard.

Glad to report Mrs. David Coates, who is convalescing at the home of her daughter, Mrs. D. McClure, is progressing nicely at time of writing.

Mrs. Fullerton, Toronto, spent Sunday at the home of her son and daughter-in-law, Mr. and Mrs. G. Smith, the occasion being Mrs. Fullerton's birthday anniversary.

PINE ORCHARD

Mr. and Mrs. Alfred Armitage and Donna, Toronto, and Mr. and Mrs. W. Collins, Newmarket, were recent visitors of Mr. and Mrs. R. Armitage.

The school board and W.I. are sponsoring a local school fair on September 9 at Pine Orchard school.

Mr. and Mrs. Chas. Brandon, Sr., were recent guests of Mr. and Mrs. Dean Brandon, Guelph. Mr. Moddle, Aurora, delivered an excellent discussion on "Lessons from growth of seed," at the Union church on Sunday, May 15. Young People's is on Friday night, May 20.

W.M.S. Officers Speak To Trinity Auxillary

Newmarket — At the regular meeting of the Afternoon Auxillary of W.M.S. of Trinity United church on the second Thursday of May, the members welcomed the vice president of Toronto Centre Presbytery, Mrs. White, Keswick, who gave a pleasing and informative address on the aims and organization of the Woman's Missionary Society. In connection with the celebration of the 125th anniversary of Newmarket church, Mrs. Roger Self, president of the dominion board of the W.M.S., was the guest speaker at the morning service on Sunday, May 15, and in the evening Rev. Wesley Hunsnett spoke on missions.

On Tuesday afternoon, May 17, the members met for a busy afternoon when two quilts were completed and an unusually large collection of clothing, layettes, etc., was packed for shipment to the distribution depot for this district. June 9 is the date of the next regular meeting of the society in the Sunday-school room.

St. Paul's Ladies Aid Plan Garden Tea June 9

Newmarket — Last Thursday afternoon, the Afternoon Branch of the Woman's Auxillary held its monthly devotional and business meeting when the reports of the delegates to the annual Diocesan convention were heard. The Deanery conference, held this year at Thornhill, will take the place of the June monthly meeting. The Evening Branch of the W.A. held its regular meeting last Monday when they entertained the members of the Afternoon Branch. The work accomplished was displayed and the members received many congratulations in the amount of work done in the short time since they were organized several months ago. The Rector also gave an address to both Branches.

The Junior and Senior Boys' Clubs did not meet this week because of the meeting of the synod, which is still in session in St. James' Parish Hall. The annual service was held yesterday evening in St. James' Cathedral. The Ladies' Aid is planning to hold a garden tea on June 9 at the home of Mr. Aubrey Davis, Millard Ave., from 3 to 6 p.m. The Girl Guides will parade to the morning service next Sunday. The Parochial Guild met at the home of Mrs. R. J. McGuire, Timothy St., last Tuesday evening. The flowers last Sunday were in memory of Mrs. A. Thompson from her daughter, Miss Velma Thompson.

St. John's Pupils Give Recital at Town Hall

Newmarket — Parents and interested friends enjoyed a real musical treat on May 9 and 10 when the pupils of St. John's Convent Music Class gave a recital in the town hall. Talent and executive ability were displayed to a marked degree by the youthful artists, ranging in age from five to 15 years, who reflected much credit on themselves and on their teacher.

The program consisted of piano numbers from Grades 1 to 9, interspersed with songs, recitations and dramatics. A much enjoyed number was the "Kerry Reel," a dance performed by four charming little maidens, daintily attired as Irish colleens.

No less attractive was a well executed Scarf Drill by eight little girls dressed in appropriate costumes of bright spring colors. Miss Florence Goldsmith was accompanist. The stage decorations were arranged with taste and harmony, making an attractive setting, in large bouquets of colorful spring flowers, apple blossoms and green boughs.

The duty of announcer was ably discharged on Monday evening by Ted Gould, and on Tuesday evening by Bernard McLeale, chairman of the Separate School board. Both congratulated the parents, pupils, and teacher on the beautiful spirit of co-operation evidenced by the brilliant performances of the pupils.

NOTICE

Applications will be received until 12 o'clock noon on Tuesday, May 24, for the position of director of recreation for the Aurora community.

Part time duties to commence at once, full time for July and August.

Applicants must state qualifications and experience, if any, and salary expected.

The Aurora Recreation Commission
Thos. F. Swindle, Secretary

Mr. and Mrs. Chas. Clarke attended the Seaton Campbell wedding in Toronto May 16.

Mr. and Mrs. E. Merrick of Toronto spent Sunday with Mr. and Mrs. F. Bolton.

Queen Mary Lodge Celebrates Birthday

Aurora — On Wednesday, May 11, Queen Mary L.O.B.A. 201 celebrated its 34th birthday. Members of Richmond Hill L.O.B.A. were the guests and gave the Scarlet Degree to a large number of candidates. A draw for a cup and saucer held during the evening was won by Mrs. O. Glass, P.M.

At the close of the meeting a delightful banquet was served. The tables were decorated with spring flowers. A large birthday cake, beautifully decorated by Spence's bakery, was the centre piece. It was cut by Mrs. Ella Daniels, P.M., I.L.M., the only living charter member of the Lodge still in good standing. Mrs. M. Terry, W.M., Queen Mary L.O.B.A., welcomed all guests. Mrs. Zulfelt, W.M., Richmond Hill Lodge, replied on behalf of the guests.

DONATE PRIZES

A WEEKLY INFORMATION SERVICE

TORONTO — Everyone knows you just can't beat chocolate flavor for popularity! Be it a luscious moist cake or frosting . . . scrumptious cookies or candies . . . a creamy-rich beverage . . . when it's chocolate-flavored it suits all the family. And for real, deep-down chocolate flavor BAKER'S UNSWEETENED CHOCOLATE is unexcelled! A choice blend of carefully selected cacao beans, Baker's Chocolate is velvety-smooth in texture . . . gloriously rich in flavor. Use Baker's Chocolate for all your chocolate cookery.

A Festival of Color in the garden . . . a feast of color on the table . . . that's the picture in so many homes these fine days! For many homemakers find economical JELL-O Jelly Powders . . . all seven glorious "locked-in" flavors . . . are perfect for Springtime meals! Here's a favorite Jell-O recipe of mine: Hollow out the centre of cup cakes and fill with slightly thickened Jell-O in any of the gay red flavors—Cherry, Raspberry or Strawberry. Chill. At serving time garnish with whipped cream and chopped nuts. Your Jell-O Charlotte will be a huge success!

Everyone's Talking About . . . hooked rugs! It's a hobby that's taken Canadian women by storm! I've heard about it at women's clubs—in friends' homes—over bridge tables. It's a fascinating and exceptionally useful hobby! Easy— inexpensive . . . and all you need is a set of wooden frames—burlap—bits of cloth or worsteds—a steel rug hook and colorful All-fabric TINTEX Dyes. Write to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—for your copy of "A New Hobby From An Old Craft—How to Hook a Rug". Costs you just 10c . . . gives you complete information on how to hook a rug!

Spring Is The Season Of Beauty . . . it's the season for making your very own surroundings as attractive as the spring landscape around you. Perhaps you see improvements and repairs you'd like to make to your home . . . but you aren't quite sure how to go about it . . . financially speaking. Well, this is the way. The BANK OF MONTREAL has special low-cost loans to help home-owners do just this thing! So why not make that mental-picture of a newly painted, newly decorated home—a shining reality? By paying cash—with the aid of a B of M loan—you'll save yourself both time and money. Talk it over with your husband and then pay your B of M manager a visit together!

You'll have a Picnic

SAVING MONEY HERE

Head for a spread in the outdoors this weekend with a basket packed for pleasure . . . a treasure chest of all the favorite picnic foods from hot dogs and hamburgers to sandwiches and soda pop. Get everything you need here where every price is a low price every day and bigger savings help pay for your picnic. Yes—hundreds of women say "It's a picnic to shop and save at Brice's Market—the buy-word for quality, variety and economy."

The Common Round . . .

By Isabel Inglis Colville

GROWTH

What gives a town a real place on the map—a reason to be? I think four things: its churches, its schools, its arts and its industries. Such a town is four-square to the world, for if each of these integral parts complement the other, the town presents a solid challenge to unbefitting, illiteracy, commonplaceness and poverty. Newmarket has fine churches, some of them rich in historical significance and rich too, in their heritage of pioneer piety. It has schools that are growing with its growth and more and more giving to youth the leadership, mental and physical, which may in time add even more famous sons and daughters to this district.

The town, too, is a growing industrial centre and all, from the old, well established and well known to the newest, will carry the name of Newmarket far and near. Purposely, I have left the arts to the last, for it is of one of these I wish to speak particularly. We have music in the schools, we have church choirs, we have Gilbert and Sullivan at Pickering, we have hobby clubs and we have a worthwhile and growing dramatic society, and a band which is bound to go places. Last of all I want to speak of orchestras.

We, who have worked under Mr. Jackson for the past few years, have loved the work and felt there was room and talent to expand, and when under Mr. Greig's leadership and with added members we played for the Minstrel Show, we all felt that there was room for still greater expansion.

At the party given by Mr. Best to the entire Minstrel Show cast many kind things were said by various speakers of the work of the orchestra, and then Miss Tumulty spoke, voicing the aspirations and hopes that we of the orchestra cherished. She said she felt that with proper financial backing from someone or several organizations, an orchestra could be built up which would give the rising talent of Newmarket a splendid opportunity, and give the town an orchestra which would help put Newmarket on the map. Mr. J. Walker said that it was up to the organizations to back Hilda's plea for support of such a project.

Mr. Jackson too, felt the same and spoke particularly of what an orchestra in the schools would mean. The talent was there waiting to be developed. My husband and I told of our success in the same line, on a small scale, years ago and Mr. Greig spoke of the value of music in a community and the possibility that in time a small symphony orchestra might spring from the nucleus we provided. Just think what a symphony orchestra would mean to Newmarket! Hilda wanted everyone to be on the lookout for suitable talent, that in the fall we might get down to hard work.

I'd like to pay a tribute here to Austin Brammer who helped the orchestra so wonderfully by the amount of copying and transposing which he did and which your writer knows from past experience is a headache. We hope Mr. Toombs has his infant Stradivarius on hand on Wednesday and Thursday evenings. And we hope Newmarket will boost its coming symphony.

W.M.S. Sunday

May 15 was Women's Missionary Sunday, on the 125th anniversary services at Trinity United Church, Newmarket, and two outstanding speakers helped to make the services memorable. Mrs. Roger Self, whose devotion to this form of church work needs no words of mine, spoke of the joy the work brings to the workers as well as to those who benefit by their labors. She spoke of the work being done among the Indians and of their response to the Gospel—its power to comfort, to educate and to uplift. Are we, she asked, giving all we can give—the need is great—can we meet it?

Rev. W. Hunsbitt spoke in the evening with an eloquence that came from the heart. He said maybe he preached longer than our ministers but that his congregation was glad to stay in church as long as possible, it was so much more comfortable than their homes! He said he is proud of the church because it is full of wonderful pillars and bulwarks—churches, homes, hospitals, and lives—where the love of God has been the foundation stone. We will long remember his challenge to live up to our faith.

May Is The Month when "Spring Fever" subsides and we look forward to sunny summer days. And this year, May is the month chosen by the folks at Heinz and by Canadian grocers to celebrate HEINZ 40th ANNIVERSARY in Canada! Yes, today, after humble beginnings forty years ago in Leamington, Ontario, the House of Heinz numbers its friends by the thousands! It has grown because all the world loves good eating! You can always look to Heinz for quality—for economy! Look, now, for your grocer's special "Anniversary" display of the famous 57 Varieties!

Young Hopefuls

By DOROTHY MUIR BOWMAN

Gail, a teen ager, ceases to have an audience when she starts complaining about people and things.

For one so young, Gail was well on her way to becoming an old crank. Even though things pleased her sometimes and she admitted she liked someone or something, she qualified her "likes" with "dislikes" that far overbalanced her "likes".

For example, when her friends were unanimously admiring a new dress, Gail would dampen their enthusiasm for it with a qualifying six-page statement: "I like it too, but—if the flowers were a little smaller, the leaves a deeper green, the neckline a trifle lower and the pockets more on an angle, etc., etc., I'd like it better. Before Gail finished with the dress, one wondered what there was about it to like.

Gail's critical dissertations used to last till someone, eventually, got a word in edgewise and changed the subject.

For a time, Gail commanded attention because she was so vivacious and vehement in expressing her opinions. Then, her friends grew tired of listening to her complaints about this, that and other things. They decided to ignore her when she began campaigning against people or things. This has resulted in Gail doing some silent pointing. She feels very much out of focus—now that she isn't the centre of a listening circle of friends.

It will take time for Gail to adjust herself to this freeze-out every time she starts complaining. However, Gail has a beautifully modulated voice and it's to be hoped that before long she will choose to use it reflecting thoughts of a beautiful nature and will be deserving of a good listening audience.

Though the freeze-out treatment is a severe one, it may prevent Gail from becoming one of those middle-aged pests or bodes, who complain unceasingly about their own ailments and life, generally.

ST. PAUL'S W.A.

Newmarket — The Evening Branch of St. Paul's W.A. held its monthly meeting on Monday evening when the rector gave an address on Fellowship which was greatly enjoyed. After the business was completed, Mrs. Rhodes gave a splendid report on the Diocesan convention held last week in Toronto to which she was delegate. Afterwards the completed work was on display, consisting of several layettes and other knitted garments for infants. Then a social hour was enjoyed with refreshments.

DODD'S KIDNEY PILLS

MADE IN CANADA

THE HOMEMAKERS

Speeding Kitchen Routine

Short cuts and labor-saving methods can make a smooth running business of the average kitchen. Here are some kitchen tips which our readers have contributed to pass along to other homemakers. They will help you to eliminate waste of time and still, not lessen the perfection of the finished product.

To blend flour and water for thickening, put in a small jar, screw the top tightly and shake. Use the amount needed. Keep the remainder in the refrigerator for future use.

Grease the saucepan in which chocolate is to be melted. You will not waste chocolate and the pan will be easy to wash.

To prevent macaroni or spaghetti from boiling over when cooking put a teaspoon of fat in the water.

To make crumbs the easy way, put the dry bread or crackers in a clean tea towel, gather the corners in your left hand and with the right hand, work the bread until it is crumbled. No crumbs on the floor and no rolling pin to wash.

When custard sauce or cooked salad-dressing curdles, remove it from the heat at once, pour into a cold bowl and beat vigorously with a rotary egg beater.

To prevent steaks, chops or sliced ham curling up when pan frying, score the outer edges with a sharp knife at 1-inch intervals.

Start bacon frying in a cold pan.

Use two forks or a fork and a spatula to turn bacon or other meat when frying.

For a smoother white sauce, add flour to melted fat, then remove from heat and pour the milk in gradually, stirring constantly. After the milk is well blended, return to the fire and continue cooking, stirring until the mixture is thickened.

Roast the bird with breast down. It keeps the meat moist. Turn breast up for the last half-hour to brown.

Flour the meat for stew in a paper bag. Mix flour and seasonings in the bag. Drop meat in and shake until each piece of meat is well coated.

Egg the croquettes with the left hand and crumb with the right. This keeps one hand dry and also makes for quicker work.

Pouring hot mixtures over beaten egg whites instead of folding the egg into the hot mixture gives smoother texture. When the recipe calls for sugar, the texture is better if it is beaten into the egg whites instead of into the hot mixture.

QUICK CHEESE SAUCE

1 8-oz. package of process cheese
½ Cup milk

Slowly melt cheese in top of a double boiler. Gradually add milk, stirring constantly until sauce is smooth. Yield: 1 1-3 cups sauce.

JIFFY ROLLS

2 Cakes compressed yeast or 2 tsp. fast rising yeast
½ Cup lukewarm water
1 Tsp. sugar
½ Cup scalded milk
¼ Cup shortening, melted
¼ Cup molasses
1½ Tsp. salt
1 Egg
3 Cups whole wheat flour

Soak yeast in lukewarm water and add sugar. Combine scalded milk, shortening, molasses and salt and cool to lukewarm. Add egg to soaked yeast and blend well with milk mixture. Add flour and mix well. Roll out on well floured board and fit into greased pan 10"x10". Cut dough with floured knife, into strips 1½" wide, then lengthwise down the centre of pan. Brush cut surfaces with melted fat. Let rise in a warm place until double in bulk (1½ to 2 hours). Bake in a very hot oven 425 degrees, for 20 minutes. Yield: 1 dozen large rolls.

LANDSCAPING TENDERS

NEWMARKET NO. 1-48

Sealed tenders, plainly marked as to content and addressed to the undersigned, will be received up to 12 o'clock noon, Thursday, May 26th, for the landscaping and installation of driveways at 50 houses at Newmarket, Ontario. Plans, specifications and forms of tender required, may be obtained at the address shown above.

Each tender must be accompanied by a security deposit of Seven Dollars (\$7.00) per house, either in the form of a certified cheque or Dominion of Canada Bonds. The lowest or any tender not necessarily accepted.

A. J. E. SMITH,
Regional Construction Engineer,
Ontario Region.

HAVE YOU \$10 in U.S. FUNDS?

If you have more than \$10 in U.S. cash you should turn it in to your bank, in exchange for Canadian dollars, without delay. Existing regulations make it illegal for any Canadian resident to retain in his possession more than \$10 in United States cash.

HERE'S THE REASON

Canada must have the U.S. dollars spent here by tourists in order to make them available for the payment of imported goods and services needed to keep production and employment at a high level.

Job Hughes Buys Homestead On Yonge St., Continuing Saga Of Early Friends Minister

This is the third of a series of articles by Ethel Willson Trewhella on the life of Job Hughes, early Friends Minister of Yonge St. The concluding article appears next week.

"We will go by the King's highway, Numbers 20-17." Mob hysteria of the revolution's aftermath still was rampant. Political controversy was mounting to fever pitch. Shrieking above this hurly-burly again could be heard the clamor of threatening war. Of those who remained neutral or were not in sympathy with prevailing ideas property was confiscated, cattle and horses were stolen; trouble developed with the Indians who were drunk from this orgy of savagery. A price was on men's heads, many fled to the woods and lived there. Little respect was shown for those sober-minded people who attempted to bring order from chaos.

These frontier Pennsylvanians had reluctantly conceded that the government had in reality become a republic, with a new flag, to which they were asked to declare allegiance. To distressed and loyal hearts in this little colony of Catawissa it had indeed become a "corner of a foreign field that was forever England!"

Job and Eleanor Hughes with their neighbors had suffered severely from these conditions. Their loyalty had been outraged. The spirit of the north land beckoned. A feeling was gaining that in that land lay opportunity for all, opportunity to again witness for peace. Above all it was a land of British institutions where enduring homes might be established. The log Meeting House doubtless witnessed gatherings of these disturbed Friends—the sense of serious decision must have weighed heavily on those upon whom the responsibility lay, and who were seeking guidance through quiet waiting and solemn deliberation.

At length the question was decided. One by one the "Fare Thee Wells" were spoken. A strong migration of Pennsylvania Friends to Upper Canada began in the closing years of the 18th century and continued until about 1803-10. As for these Catawissa Friends their roots for four generations had been deeply planted in the beautiful land they

were leaving. Staunch principles and brave hearts had been severely tested. They had burned their bridges. Canada was the magic word which breathed of freedom! The heira was under way!

After weeks of hazardous travelling, bringing their cattle with them, milking them on the way, the Friends of this caravan of canvas-covered wagons drawn by weary horses, with a yoke of stout oxen to drag them across the streams, reached the settlement at Little York. There, against the blue of an inland sea floated the crimson of the old flag! No shouting—no lip patriotism. They were thankful to again be on soil where the Friends' way of life was respected.

On the high ground to the north of York stretched a stand of magnificent timber, underbrushed only by the bear and the lynx, the timid deer and the skulking wolf—penetrated only by trail that through the centuries had been worn deep in the soft humus by the feet of the red man and the explorer. Governor Simcoe had had the road surveyed in 1794 but so little had been cleared the road was even more difficult of passage than the trail, which to avoid the tremendous hills and the oozing swamps had followed the line of least resistance. Most incoming settlers followed the trail. An examination of the map shows clearly the windings of this early Canadian highway. All traces of it have not yet been obliterated—one interesting bit, known as Old Yonge Street, and still in use, is opposite St. Andrew's College.

Job Hughes no longer could be called a young man. Years of hazardous life spent in a frontier country must have taken their toll. As a minister and as a leader of experience the cloak of responsibility bore heavily upon him. But, with co-patriots, to face the unspeakable struggle of beginning anew in the wilderness, in the year 1804, at Yonge Street, Upper Canada, he arrived with his wife, Eleanor, and his family of sons and daughters.

Records found thus far are silent as to the exact date when Job Hughes and his family arrived at upper Yonge Street, and in the beginning of writing this account it had been stated that he came in 1805. Since that later data which has been more carefully examined is at hand and bears the date of November, 1804. So presumably it was early or mid-autumn.

One somehow is glad if the first view which the travellers had of their new home was in the season when the wild grape hung its chalice of purple from branch and stump—when the sumach bore its clusters of burning tapers and that, far and away, across the tops of the maple trees ran the gypsy fires in sacrificial orgy of crimson and gold!

In retrospect one can be certain that to these tired men and women little in the world could have been more welcome than the open doors and hospitality of those Friends who had come earlier. News of the recent homeland—experiences in the new land, to the newcomer and established settler alike, must have been precious!

What the thoughts of Job Hughes were when he looked about him at the fresh habitation one can but guess. To the west lay the township of King, its acres of rolling country still unshorn of their timber wealth. Turning to the east the township of Whitchurch receded in beauty of arable land, streams and uncult forests.

In the County Registry Office is "A Memorial pursuant to an Act of the legislature of the Province of Upper Canada for the Public Registering of Deeds Conveyances, etc. Of an Indenture of Bargain and Sale Bearing Date the Twelfth Day of November in the year of our Lord One Thousand Eight Hundred and Four.

Made Between Henry Crone of the Township of East Gwillimbury in the County of York in the Home District of the Province of Upper Canada Yeoman and Margaret His Wife of the one part and Job Hughes of the Township of Whitchurch in the District and Province aforesaid Yeoman of the other Part—

Whereby the said Henry Crone and Margaret His Wife have Granted Bargained and Sold unto the said Job Hughes His Heirs and Assigns for ever all that said Tract or Parcel of Land situate Lying and being in the said Township of Whitchurch Known and described by the West Half of Lot Number Ninety One on the East Side of Yonge Street in the first Concession of that Township containing by Admeasurement One Hundred Acres be the same more or less which said one Hundred Acres of Land is better and Bounded or may be otherwise known as follows that is to say Commencing at the South West Angle of said Lot Thence North Nine Degrees West Twenty Chains More or Less to the Limits between Number Ninety one and N. Two Thence North Seventy Four Degrees East Fifty Chains More or Less to the middle of said Lot Thence South Nine Degrees East Twenty Chains More or Less Thence South Seventy Four Degrees West Fifty Chains More or Less to the place of Beginning Together with All and Singular and Hereditaments and Appurtenances thereunto belonging or in any wise Appertaining and the Reversion and Reversions Remainder and Remainders Rents

Issues and Profits thereof which Said Indenture is witnessed by Amos Hughes, (son) and Enos Dennis (son-in-law) Both of the Township of King. And is Hereby Required to be Registered pursuant to the Said Act by me the said Job Hughes the Grantee within mentioned.

In witness whereof I Hereunto set my Hand and Seal this Twelfth Day of November in the year of our Lord One Thousand Eight Hundred and Four.

Signed and Sealed in the Presents of Amos Hughes, Enos Dennis; Job Hughes (Seal). I Enos Dennis Do affirm that I was personally present and did see the within Henry Crone sign seal and deliver the Indenture of Bargain and Sale in the before written Memorial mention all as his act and Deed—also did see Job Hughes the Grantee, sign and seal the said Memorial for the Registry thereof.

Affirmed before me the 8 day of June 1807, Thos. Ridout, Reg. C. of York. Enos Dennis.

As noted in this deed this was not Crown Land to Job Hughes. On May 17, 1802, the Crown transferred to Stephen Barbaee Lot No. 91 on east side of Yonge Street—190 acres in all. On May 31—1804—Stephen Barbaee sold to Henry Crone the west half of same lot—one hundred acres. Then on November 12—1804, Henry Crone sold to Job Hughes the same lot of land.

This piece of land is known to most residents of this district as the Jonathan Bales property, less than the original hundred by the northerly thirty and eight acres on the south-west corner which contains a walnut grove.

Mr. R. L. Boag of the Registry Office has contributed to the interest of the lot that in 1833 Joseph Pearson willed his property to Sarah Rogers and it remained in the Rogers name until 1884 when Samuel Rogers sold it to Jonathan Bales.

The following interesting item has been received from the Provincial Archives—"From Whitchurch Township Papers" These are to Certify that Steven Barberie of the Townships of Whitchurch hath a dwelling house Built on Lot No. 91 East Side of Yonge Street, 26 feet long and 44 feet wide and about Six acres cleared and 5 acres fenced of Said Clearing and hath cut and cleared out Yonge Street two roads wide in front of said Lot 91 in a hansom manner. Wm. Graham, J.P., Yonge Street, September 24th, 1802.

ENDORSEMENT: Stephen Barbaee's Lot No. 91. E. side Yonge St. Improved - Certified by Wm. Graham, J.P. 21st September, 1802.

The original patent of this property is in the PATENTS OFFICE, Department of Lands and Forests.

Mr. Silas Armitage remembers the original house very well, having been a frequent visitor during the Rogers occupancy. He tells it was a clapboard building of unusual size for that time. It was burned while the Rogers' lived in it and was re-built by them. The late John T. Stokes of Sharon was the architect.

Mr. Armitage has kindly offered another piece of interest on the activities of Job Hughes. He has in his possession the Day Book of his great grandfather, Amos Armitage, and which bears the date, 1804. In this book is the record of a business transaction between Amos Armitage and Job Hughes. Its quaint wording of the itemized account suggest some of the activities of the settlers on Yonge Street.

"JOB HUGHES" 1805 - 6 mo. 11 dy. To building his house - 15 pounds; 1806 - 10 mo. 11 dy. To 1 windmill - 8 pounds; 1807 - 2 mo. 10 dy. To putting new fans in wind-

mill - 10 pounds; 5 mo. 15 dy. To logging - 23 pounds 10 shillings. "CONTRA" 1805 - 6 mo. 11 dy. To cash - 12 pounds; To 2 Bells at 10 shillings each; To a half day halling from the mill - 6 shillings; 10 mo. 22 d. To 2 sickles at 10 shillings each; To 2 Bushels of Lime at 1-6; To Scantling and Lath Delivered - 1 pound 1 shilling; 1813 - 2 mo. 20 dy. Settled and Balanced - 24 pounds, seven shillings.

The records of the township of King show that there was a Crown Patent on Lots thirty-four and thirty-five, second concession of King, for two hundred acres to Wing Rogers, which continue with "Sold to Job Hughes, March 23, 1807". This is not very explicit but it is presumed that it was for fifty acres as later his Will refers to it.

Another entry on this lot is a grant, dated July 4, 1807, from Isaac Penrose to Amos Hughes. It may be there is some instrument which gives particulars of an agreement (to be mentioned later) between Job Hughes and Isaac Penrose. In the Will of Job Hughes reference is made to a saw mill which indicates it was on this quarter of Lot No. 34, 2nd concession of King.

In addition he owned Lot No. 37 in the fifth concession of Uxbridge.

This activity in securing land other than his home place, presupposes his experience in a frontier country stood him in immediate good service, and indicates as well that personally he was endowed with unusually perceptive business ability. (To be concluded)

Experience has no substitute!

Successful potato dusts and spray materials don't just happen. It sometimes takes years of research and testing before a new product is offered to the grower.

C-I-L provides the potato grower with a complete line of dependable insecticides and fungicides... field tested and made to rigid manufacturing standards. For new and better agricultural chemicals, now and in the future, look to C-I-L.

Potato Dusts and Spray Materials

DEETROX for blight, leafhoppers and beetles. Ready-to-use combined insecticide-fungicide dust, containing 3% DDT and 7% Copper with a special carrier-sticker. Gives outstanding control of blight, Colorado potato beetle, flea beetles and leafhoppers. May be used at any time except during wind or rain. For seed-potato crops or heavy aphid infestation, use DEETROX 5-7 (5% DDT, 7% Copper).

DEECOP (DDT-Copper Spray). No fuss—no extra mixing. Just dump it in the tank. Contains 15% DDT and 30% Fixed Copper, and like "Deetrox", gives exceptional control of blight and insects. Excellent also for many other crops.

C-I-L 50% Wettable DDT. Jet pulverized powder containing 50% DDT. Especially effective against leafhoppers—also beetles and many other insects. Combined with "Tri-Cop", it may be used as an insecticide-fungicide. Small particle size gives exceptionally uniform coverage; also superior suspension and adhesion.

Other C-I-L Potato Fungicides

TRON, A 7% Fixed Copper dust, with special carrier-sticker.
TRI-COP for blight. Water-dispersible powder containing 52% Copper.

Ask your dealer for C-I-L Potato Dusts and Spray Materials.

Pesticides

Weekly Garden-Graph

By DEAN HALLIDAY

Garden walks which do not "stay put" are unsightly and expensive in the matters of repairs. It pays to put such walks on a proper foundation in the beginning.

The accompanying Garden-Graph shows the foundation preparation necessary when laying a brick walk. Dig out five inches of soil and fill in with three inches of cinders or coarse ashes. Roll this down with a heavy lawn roller, and it will pack into a layer about two inches deep. On top of this spread one inch of fine sand and then lay the bricks. The bricks lining the sides of the walk should be laid first. There are various patterns adaptable to the centre strip. Lay the bricks with a slight "crown" in the centre so that rain will drain away quickly down the sloping sides.

Unless you have a very small lot with restricted lawn and garden areas, do not have the walks too narrow. Three feet is average width for a brick walk. A

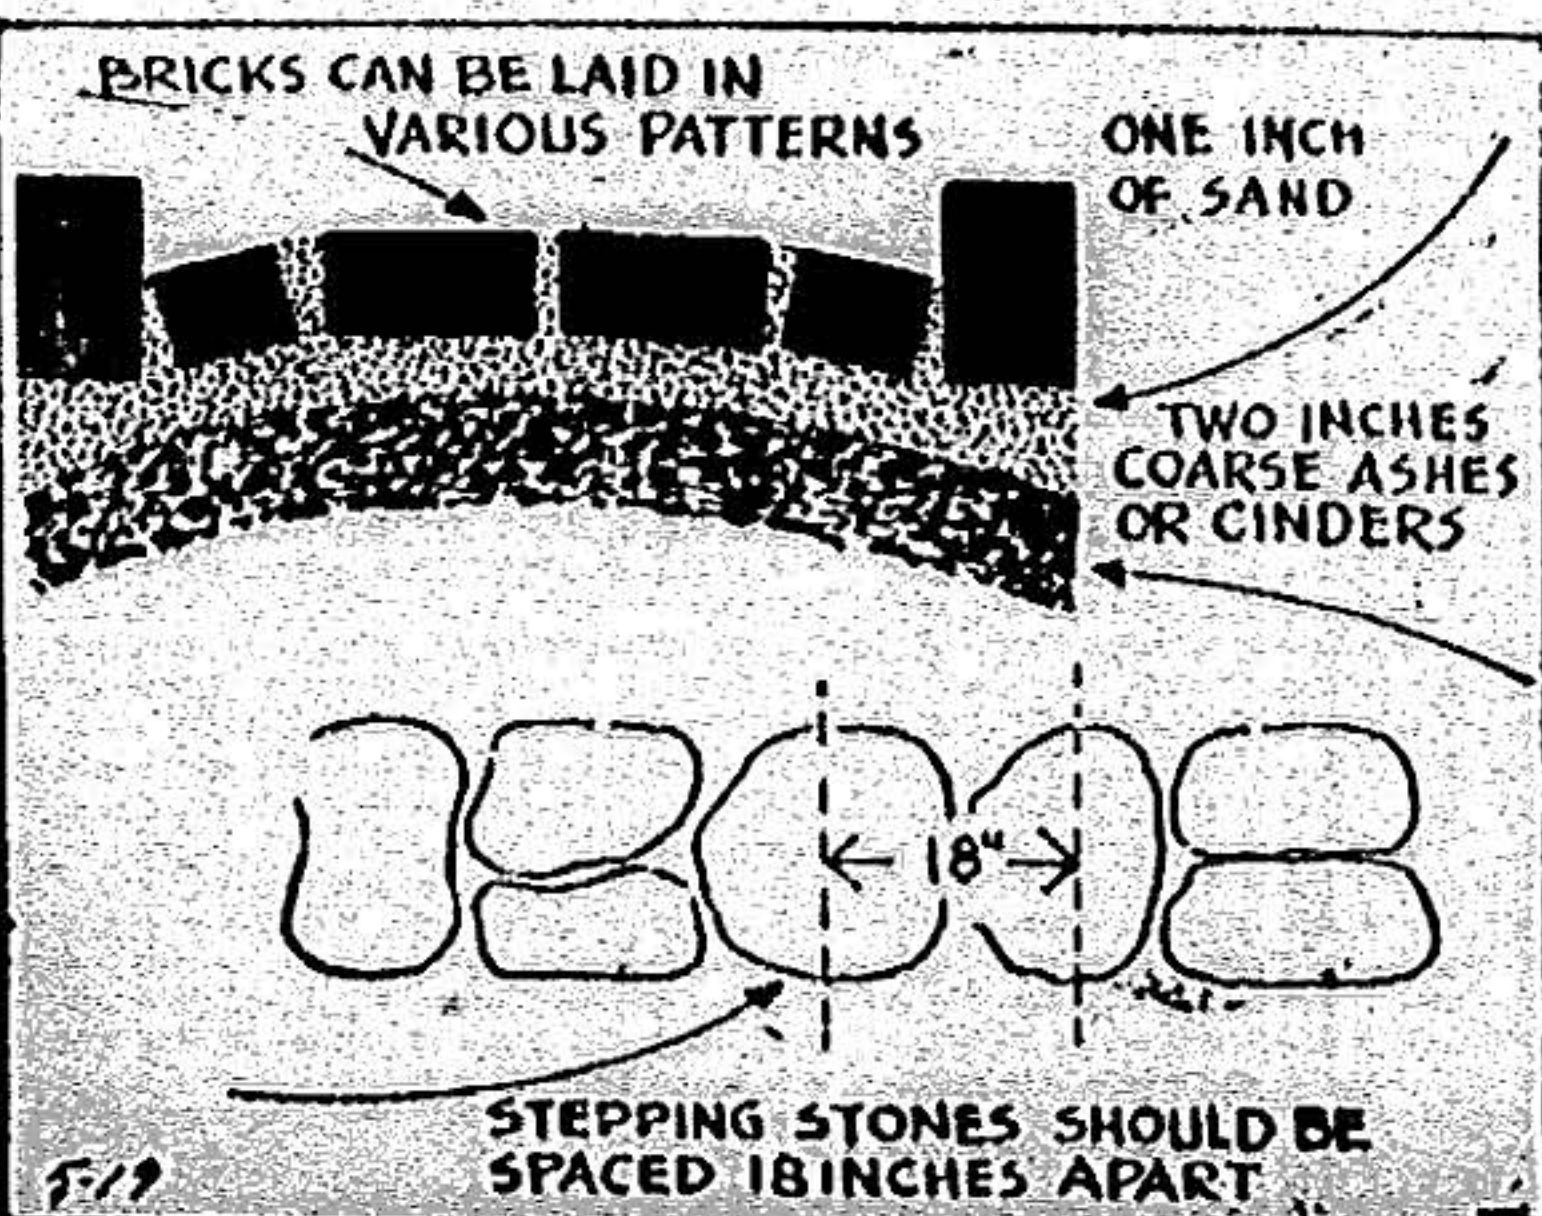

minimum width of 18" or two feet should be allowed for a stepping stone path.

When planning a straight walk mark it off with a stake and string. If a curved walk is being planned, use a hose instead of stake and string. The hose is flexible and can be moved about until the desired curve is attained.

Flagstone walks can be laid upon a foundation of cinders, gravel, slag or other porous material, with a thin layer of sand, approximately one and one-half inches thick, as a cushion for the flagstones.

The turf joints between the stones should be about one to one and a half inches wide, and should not in any case exceed three inches in width.

When an informal walk of this kind is used through the flower garden, small herbaceous plants, such as a renia and cotula squalida can be used as fillers for the joints between the stones. They will grow successfully and give a very pleasing effect.

SERVING CANADIANS THROUGH CHEMISTRY

"Chemistry?"

IT DOESN'T MEAN A THING TO ME!"

If YOU WERE a farmer it might seem that way at first glance. But take another look!

Those fine crops, which mean so much to Canada's health and economy, often depend upon chemical fertilizers. Weed and pest destroyers, orchard sprays too, are but a few of the services that chemical research extends to agriculture.

Through good times and bad, the chemical industry plows a straight furrow, ever moving forward to create better things for farm, industry and home. Look to chemistry with confidence for a finer future... and to the C-I-L oval symbol of an organization devoted to serving Canadians through chemistry.

Urge Care To Dispose Fluorescent Tubes

Dangers from breaking fluorescent lamp tubes have been noted by Dr. L. W. Dales, M.O.H., at a recent board of health meeting and it is advised that certain precautions should be taken when disposing of them.

This year, two reports were published in the U.S. describing nodules which appeared in the skin and underlying tissues of four persons who had been cut by pieces of glass from broken fluorescent tubes. In most cases the original wound was slow in healing. About two months after the injury, small nodules were noticed in the injured areas.

The chief hazard occurring during disposal is that of cuts from pieces of broken glass. Where large numbers of tubes are being broken, a possible hazard from the inhalation of Beryllium powder and mercury vapor may occur. Fluorescent lamp tubes are coated on the inside with a fluorescent powder called phosphor. This phosphor usually contains Beryllium. The lamps may also contain minute amounts of mercury.

In the home, used tubes should be wrapped, intact, in paper or placed in a cardboard tube and put in a rubbish container without breaking. They should not be disposed of in household incinerators or placed within reach of children. Where an individual is cut by pieces of the broken glass he should be referred immediately to a doctor for treatment. The physician should be informed of the nature of the glass which caused the injury.

MOUNT ZION

Church at 7.30 p.m., Sunday-school at 10 a.m.

Mr. and Mrs. Herbert Cole and family had Sunday dinner with Mr. and Mrs. Edward King and Eddie.

Friday afternoon, May 13, the team from Mount Pleasant school played at Mount Zion. It was a good game, the score being 13-15 in favor of Mount Pleasant.

Mr. and Mrs. Dalton Smith and grandchildren, Irene and Bernice Holloway, Ravenshoe, visited Mr. and Mrs. W. Rollings, Zephyr.

News of the W.I. In North York

News for this column must be in the office Monday night. Copy must be written as briefly as possible and confined to news and reports. Other than routine reports and announcements will be printed separately.

The Queensville branch extends a hearty invitation to all the members of the Women's Institutes who will be delegates at the North York District Annual to be held in Queensville at the United Church on June 6. We shall be glad to enroll your name as our guest as soon as it is reported to us.

The Queensville branch will meet for its regular meeting on Wednesday, May 25, at the home of Mrs. Leonard Wellman. The program will be in the charge of Mrs. Byron Aylward who will bring us up to date on current events. Do plan to come. Many plans must be drawn up at this meeting for the date of June 6. The hostesses for the afternoon will be Mrs. Norman Mabbett, Mrs. J. T. Smith and Mrs. Floyd Cunningham. We are pleased to report the proceeds of our tag day sponsored by the Women's Institute were \$22.25 and were sent to the National Institute for the Blind.

The Mount Albert branch met in the town hall on Thursday afternoon. The president, Mrs. Macpherson, presided and there were 26 present. The ladies were grateful to the Cubs and Scouts who assisted at the tag day for the blind and voted \$10 to go toward uniforms for them. The sum of \$49.10 was sent to the Canadian National Institute for the Blind. The choice of a district co-operative program was, first, "You and Your Citizenship," second, "Developing Community Enterprises" and for a branch short course, "Modern Dress Making" and "The Furnishing of the Living-room". Marion Mitchell was in charge of the program and gave a report of the meeting at Sharon on personality and dress. A fine demonstration by the Singer Sewing Machine Company under Miss Hockley, Newmarket, was found exceedingly interesting and useful.

The Pine Orchard branch met at the home of Mrs. Carl Link on Wednesday afternoon, May 11, with 22 members and three visitors present. Mrs. W. Johnson and Mrs. Rae McClure reported that the "Personality and Dress" course proved profitable and interesting. Delegates to the District Annual are Mrs. W. Johnson, Mrs. B. Dike, Mrs. Carl Link, Mrs. John Ash and Mrs. R. Armitage. All members are urged to attend.

The program was in charge of the Home Economics and Health committees with Miss Alecia Widdifield as chairman. Mrs. W. Shropshire gave an excellent paper on "Table Service." A well appointed dinner and luncheon table service was demonstrated. Mrs. Howard Lehman and Mrs. Douglas Hope, leaders of the Homemakers' Club, gave practical demonstrations of muffin making and judging assisted by Barbara Shropshire and Joan Sytma. Hostesses were Mrs. H. Lehman, Mrs. C. Link, Mrs. W. Shropshire, Mrs. G. Wood and Mrs. R. Armitage. Next meeting will be held at the home of Mrs. A. Boake on June 15. Note change in date.

The Zephyr branch met in the community hall on Wednesday, May 11, with the president, Mrs. Carl Myers, in the chair. Roll call was answered by by paying fees beginning a new year. The executive was in charge of the program which consisted of several readings and music by a group of ladies. A presentation was made to Mrs. Allan Armstrong of an electric tea kettle before leaving our Institute for her new home in Uxbridge. Lunch was served by the hostesses, Mrs. Carl Myers, Mrs.

Ben Kester, Mrs. Allan Armstrong, Mrs. Alvin Arnold.

The Snowball branch will meet at the home of Miss Eileen Casey on Wednesday, May 25. Roll call: "Give an item of interest about one of the Canadian provinces." Program: "Citizenship," convener, Mrs. F. Morrison. Topic is "Canada's Tenth Province." There will be a garden exchange for the Flower Fund. Hostesses are Mrs. Reddick, Mrs. Barrett, Mrs. Williams and Mrs. Kirlon.

Thursday, May 26, at 8 p.m., a Wear-Ever brush demonstration in Trinity Parish Hall, Victoria and Church Sts., Aurora, sponsored by the Aurora branch. Please come and bring a friend and spend an enjoyable evening.

The regular monthly meeting of Gormley branch will be held on Wednesday, May 25, at the home of Mrs. Roy Howlett. Roll call, "Quotations of mother." Paper, "What a good home is" by Mrs. N. Brown. Proverb, "Speak well of your friend, of your enemy neither well nor ill," Mrs. Roy Smith. Program, Mrs. Roy Howlett.

Co-operative program will be discussed and plans completed for District Annual to be held in June at Queensville. Hostesses, Mrs. Wallace Scott and Mrs. Roy Smith. This is our first meeting in the new year so come along one and all to encourage our new officers.

A very enjoyable meeting of the Schomberg branch was held at the clubrooms on Thursday, May 12, with Mrs. G. O. Shoultis presiding. It was decided to donate play equipment to the Schomberg public school, and a committee of three ladies was appointed to supervise the matter. Plans were made for catering to a supper for the teachers of this district the following week, and Mrs. E. Pearson was appointed convener.

The program, prepared by Mrs. Ernest Pearson and Mrs. Clarence Marchant, was one of the best the Institute has had in some time. It was put on mainly by Mrs. Fred Hunter and her entire school and consisted of the opening exercises of the school, recitations, demonstrations and art work, all given by the pupils, and concluded with a beautiful May-pole dance, after which lunch was served by the hostesses.

List of Zephyr officers for 1949-1950 are: pres., Mrs. Carl Myers; first vice-pres., Mrs. M. McNelly; second vice-pres., Mrs. C. Pickering; sec., Mrs. Ben Kester; treas., Mrs. Wm. Curl; pianist, Mrs. Clarence Pickering; assist. pianist, Mrs. I. Law; district director, Mrs. Lloyd Profit; directors, Mrs. W. M. Rynard, Mrs. C. Lunney, Mrs. H. Walker, Mrs. E. Walker.

Publicity convener, Mrs. W. Myers; standing committees: agriculture and Canadian industries, Mrs. J. H. Lockie; Mrs. J. Galbraith; citizenship, Mrs. J. Myers; Mrs. Wm. Bibby; home economics, Mrs. D. Graham, Mrs. A. Cleland; social welfare, Mrs. B. Armstrong, Mrs. R. Harman; visiting committee, Mrs. A. Hockley, Mrs. E. Profit, Mrs. W. J. Rynard, Mrs. A. Cleland; Mrs. B. Kester; auditors, Mrs. J. Galbraith, Mrs. C. Lunney.

MAPLE HILL

The school children went on a hike on Friday afternoon.

Mr. and Mrs. Fred Knights spent last Tuesday at Orillia.

The young people of Maple Hill church are planning to go as a group to Knox Presbyterian church, Toronto, on Thursday, May 26, to attend the graduation of the medical health institute.

Mount Albert And Vondorf Open Play In Simcoe Ball League

News n' Views

By GEORGE HASKETT

Lake Simcoe softball men steal a march on district midget circuits in the matter of early openers with Mount Albert at Vondorf on May 19. Don't quite know whether this comes under the heading of a softening up process but Maestro Roberts, Mount's softball king, quotes "We're not as strong as last season," unquote. Just the same, we wouldn't advise Herb Tansley's Hope or Bob Pollock's Keswick sides to take this too seriously. A word to the wise is sufficient.

Stan Winger, long a mask-man with Newmarket baseball, more or less a commuter now, expects to start in the Sharon line-up. Pardon the interruption. Ah unhappy days. A good baseball man forsaking his first love to dip into midgetball. The height of something or other. Mickey Smith, after a successful hockey coaching assignment at Pine Orchard, takes up the cudgels as softball coach out yonder. No need to worry men, league rules forbid his going in to pinch hit. Can recall one time Smitty, on leave from the navy, stepped in at a hard ball game for the Specialty, tackling their old rivals the Davis Tanners, and unlike the mighty Casey, Smitty smacked one into the blue horizon and over the fence. There's more to come chums, Smitty says, the Bell Telephone has a softball club for the town league that will ring the bell.

We'll squelch an early season rumor right here. There's no truth, so help me, in the gossip that the Lake Simcoe league has three seeing eye dogs on order. The fact remains that Bob Peters, Barney Revill and another Davis "Tanner", Ned Tansley, will carry the umpiring burden in the league.

Ladies' softball loop has all schedule making duties in hand. Our own little girls will swing out Wednesday, June 1, with a visit to Queen's Park, Barrie, for a starter — Valley's the opposition. Then June 2, they'll make their first home "do" with Valley's right back here. With Copacos dropping their sponsorship the second Barrie team goes under the Allandale colors with Doug Hedger head coach.

Lacrosse plans in Bradford are taking definite shape but whether it will be O.L.A. or not isn't being said at the moment. There's just a chance Bradford may get a bid into a Simcoe county set-up, a grouping that includes Beeton, Alliston and Camp Borden. Roy "Mutt" Collings and Ernie James form the kernel of the Bradford stick wielders. Art Kneeshaw is out to cop an exhibition game for Saturday evening, Beeton being first choice. Should this fail to click Newmarket may get a buzz for a bid. Rumor along the Main Stem of import to local lacrosse is that Harold Gwyn has obtained a release from coach Matt Walsh heretofore and is heading for the Celery Kings headquarters.

It comes as a distinct shock to the local baseball congregation, large and small, that the Lions are dropping their sponsorship of midget or juvenile. No league is available for midget and "The Roar Men" presently in the midst of some Black Face antics, who nuff, aren't ready to step into the higher age grouping. The Lions are throwing their support in favor of bantam baseball.

But listen mates, there is a glimmering of hope for intermediate baseball. Carl "Shorty" Turan and Ollie Gould are ready to lend a helping hand. Now get this, men. Practice tonight, 8.30, at the school grounds. This is it. If you want intermediate ball be there and don't say next winter I didn't know about it. Are you listening Herb Cain, "Joint" McComb, Ken Broughton, Stan Winger, Cliff Gunn, Ted Mosier, Harv Gibney, Norm Legge, Bill Johnston, Bob Peters, Bill Haskett, Don Gibson, Tommy McFale, Grant Blight, Bill Hopper, Jim Rutledge, John Hisey, Percy Pemberton, Tommy Dales and on and on. Sounds like an imposing string. There is still time to speak under the wire in the North York league with opposition from Markham, Aurora and Stouffville. Be there tonight, fellows. Thursday, May 19.

Haskett's bash! The smiles you see those tennis stalwarts, Keith Davis, Bob Yates and Charlie Lee, wearing are just because the courts, tennis not police, opened last Saturday. Putting the long cool back in the column, Ways and Means committee to give attention to artificial ice tenders this week. Ah good. Soap Box Derby, why sure. Tommy Ewing and his Legion mates have one for June 8, top of Main St. down—fun and games for all. Stouffville baseball tournament May 24. The 24th of May is the Queen's birthday, if they don't give us a holiday we'll all run away. Happy long weekend to you all.

Spits End Season With Team Dinner

Final thoughts of hockey slipped from the minds of all last Friday evening with the Canadian Hoffman "Spitfires" banquet at the Legion hall ringing down the curtain on the past season. All players and their wives sat down to a splendid steak dinner. President Doug Campbell bade all guests welcome and spoke briefly on the success of the season, special praise going to his fellow executive members, Manager John Hines, Asst. Manager Larry Sheffer, Coach Harv Gibney, Trainer Peter Preston and Publicity Director Geo. Haskett.

President Campbell mentioned that the teams showed a healthy surplus on the books for the first time in years. Honored guests for the occasion were two of Newmarket's representatives in big time hockey, Herb Cain and Bill "Joint" McComb. Following supper the guests turned to dancing to fill out a full evening. Dewey Kuhns, mentor of the club, was an absentee, pressure of business forcing him to miss the event.

It was hoped to be able to make the presentation of the most valuable player award, a trophy furnished by the O.H.A. each year, to Myles McInnis but unfortunately it did not arrive in time. In the near future the players will be sporting new red and white cardigans. The draw for the mantle radio was made with Gordon Blinn, Lorne Ave, the lucky winner.

MOUNT PLEASANT

The countryside is now beautiful with the fruit trees loaded with bloom.

Mrs. Jack Bosworth and Mrs. Nelson Shanks spent Tuesday evening in Belhaven with Mrs. Lloyd Kay.

Mr. and Mrs. Bernard Davidson and George had Sunday supper with Mr. and Mrs. Claude York.

Word has been received that Mrs. Bert Stephens has arrived safely in England.

Mrs. Nelson Shanks of Newmarket has been visiting her sister, Mrs. Wm. Moulds, and brother, Mr. Jack Bosworth.

INTERMEDIATE BASEBALL

Hear ye, hear ye, each and everyone desirous of trying out with the intermediate baseball club are asked to be on hand at the school grounds tonight at 8.30 (Thursday, May 19). Bring your ball glove and a smile. Carl "Shorty" Turan, Ollie Gould and Bill Haskett are expected to take care of the coaching and managing. Let's make it a going concern.

Born in Queensville T. B. Cunningham Dies

Thomas Boyd Cunningham, retired merchant, passed away at his home in Souris, Man., on May 18, following a four month's illness. He was in his 74th year.

Born in Queensville, Mr. Cunningham was educated in the east. He went to Manitoba in 1903 and three years later was married at Millerway to Margaret Ann Ross of the Millerway district. He was in the general store business in Elgin from 1907 to 1914 and two years afterwards went to Souris where he engaged in the same business, retiring in 1941.

Besides his wife, he is survived by three daughters and two sons, Mrs. G. H. Turner, of Arden, Man., Mrs. W. E. Chase, Winnipeg; Mrs. T. G. Johnson, Neepawa; Dr. W. R. Cunningham, of Winnipeg; A. B. Cunningham, of Minota, Man. There are ten grandchildren.

Two sisters and two brothers reside in Ontario. They are: Mrs. John Hogg, Lindsay; Miss Melissa Cunningham, Markham; Mr. Herbert A. Cunningham, Markham; Mr. Frank Cunningham, Mount Albert. He was predeceased by two brothers, Norman and Jesse.

The funeral service was held on May 11 at St. Paul's United church at 4.30. Rev. C. S. Matthei officiated. Pallbearers were W. D. Hailgh, C. Hailgh, Ross Cowleson, W. Christy, J. Todd and W. J. Ross. Burial was in Glenwood cemetery.

Vets Sports Day Plans Rapidly Taking Shape

Plans for the Newmarket Veterans' Sports Day on June 18 are fast taking shape. The softball invitation tournament will get underway at 1 p.m. and an entry list of six district teams is expected. The evening attraction will be a top notch ladies' softball game. Jack "Cecagers" McDonald heads up this end of the program.

Heading the carnival committee are Frank Courtney and Alf Elphinstone. Other committees are in the charge of Stan Smith and Jack Wright (bingo), Vic Giocavelli, Jack McDonald, John Hisey, Stan Evans (wheels), Kester Hugo (refreshments), Alex. McIntosh (administration), Cec Andrews (lighting), Jack Higginson (fish pond), Harold Simmeron (ponies), Geo. Haskett, Fred Dillman (advertising).

Set Up Schedule For Ladies' Softball

The schedule makers completed their task of setting up the Barrie and district ladies' softball action at a Sunday meeting in Midland. Allandale, which has taken over the old Copacos franchise, is billed to open league activity on May 30 at Midland. In some cases, Barrie Valley's and Allandale are staging double-header attractions on Wednesday afternoon and evening. Here's the complete schedule:

May 30, Allandale at Midland; June 1, Midland at Allandale (5.30 p.m.); June 1, Newmarket at Valley's (7 p.m.); June 2, Valley's at Newmarket; June 2, Newmarket at Midland; June 8, Valley at Allandale; June 9, Midland at Newmarket; June 13, Valley's at Midland; June 15, Midland at Valley's (5.30 p.m.); June 15, Newmarket at Allandale (7 p.m.);

June 16, Allandale at Newmarket; June 20, Allandale at Midland; June 22, Allandale at Valley's; June 23, Valley at Newmarket; June 27, Newmarket at Midland; June 29, Midland at Allandale (5.30 p.m.); June 29, Newmarket at Valley's (7 p.m.); June 30, Allandale at Newmarket; July 4, Valley at Midland; July 6, Valley at Allandale; July 13, Midland at Valley's (5.30 p.m.); July 13, Newmarket at Allandale (7 p.m.); July 20, Allandale at Valley's; July 21, Midland at Newmarket.

Classifieds bring results.

North Yonge Loop Opens With 6 Teams

North Yonge Softball League is coming up in the world. The family is growing larger. It was three last year, this year it's six. Newmarket "Vets", Aurora, Langstaff, Schomberg, Woodbridge and Lansing. The last three are the new members. In keeping with the increased membership, the loop comes out with a fine new moniker, North York Major Softball League. Action isn't going to be long delayed either for the schedule calls for Newmarket "Vets" to roll southward to Lansing May 26. Langstaff will be reading it to Schomberg the same evening and the following night Aurora takes on Woodbridge in the latter village and the league will be well on its way.

League delegates met Sunday at Schomberg and Fred Morris of Langstaff, long connected with the league, was returned as president. His running mates are Harold Rogers, Aurora, Chas. Davis, Woodbridge, and Elgin Hastings, Schomberg. "Dinty" Moore of Aurora accepted the office of secretary-treasurer.

Rules governing the league will remain as last year. Dave Summers of Willowdale will be umpire-in-chief.

Bantam Baseballers Prepare for Action

Our youngest baseball crew, the bantams, and possibly our only representatives in the big diamond sport, meet Aurora here for the opener on Monday. The locals will contest the group with Richmond Hill, Aurora, Stouffville and Markham. There is no lack of talent locally either as something like 50 young gaffers were out to the initial work-out. Coach Hollingsworth expects to have the squad cut down to 16 before the end of the week. Probably starting batteries will be either Grant Morton or Laurie VanZant with the decker and Wayne Robinson or Karl Ball on the hill-top. Both hurlers should stand the gaff, in fact, a strong club is in the making.

SNOWBALL

Miss Harding and Miss Eileen Casey are having a musical and pictures by Mr. De Witt on Friday, May 20, at the school.

Down The Centre

By T. A. M. (AB.) HULSE

Musical murmurs: Harry Couse, ace hurler of the South Simcoe circuit, has been named as president of the South Simcoe league. The teams entered are Tottenham, Bond Head, Fennells, Bradford, Churchill and Cookstown. This is three less than last year, with Lefroy, Stroud and Mount Pleasant on the sidelines for lack of players. Bradford, determined to make a bid for softball honors, has a five-team town league and a four-team junior group going great guns. They are to be congratulated on the move into the junior field, as at both Aurora and Newmarket and elsewhere, there are all too few kids coming on with the result the teams have to depend on veterans who in many cases are past their prime and the fans are not getting the class of ball they deserve.

Markham and district have a six-team league, with Agincourt, Unionville, Buttonville, Peaches, Stouffville and Markham. Agincourt is the first centre to have floodlight ball available for the fans and the Lions club there is to be commended for their public spirited donation to the community. Midland ladies, who won district honors last season, will be known as "Merchants" this year, 15 local businessmen having donated uniforms to the club. Douglas Hedger, who for years was one of the leading spirits in the old York-Simcoe league as well as being one of the top umpires, will coach the Allandale entry in the gals section, which replaces Copacos. Doug is also one of the league officers.

Churchill is staging the first softball tournament of the year on May 24. Entries are to be made on the grounds by 12 o'clock and there is no charge. Good prizes are offered. Earl Marshall and Steve Hines, two of the best known softball figures of yesteryear and team-mates too, will oppose each other as coaches in the four-team Barrie men's league. Earl coaches Mac Motors, a new entry, while Steve will be with Prysons. Scattered throughout the league are such veteran players as Mo Hines, Red Laking, Bud Kashner, Mo Stramsman, Fred Norris, Wes Perry. Father Time is fast catching up with most of them, however.

Open territory is the motto for the North Yonge league this season. Teams may draw players from anywhere, up to mid-July. That should mean better ball all-around and might present some astonishing facial changes in the line-up.

Aurora expects to have Charlie Ryan at the helm and that will mean Art Crean, Tim Saul, Herbie Rose and others formerly with Langstaff. It's no secret either that Aurora would like to secure the services of Herb Cain who was inactive last season and doesn't see eye to eye with the Newmarket management. There will be a player battle between Lansing and Langstaff in one or two instances. Bill Bowen has given up his Toronto pitching duties this season, which means that Langstaff will not be under the same handicap as in other years, when Bill was a pretty tired boy most nights out after two or three straight sessions of softball. Ted Summers, Willowdale, will again be umpire-in-chief and he will do the deciding about where the blind men take their white canes and cups each evening. Hap Holmes, St. Andrews' College, who did a grade A job at hockey officiating last winter will be one of the new additions to the staff. Bob Bell, Dutch Forhan, Charlie Proctor, who worked with Summers last year, will all be back. Girls' softball is also contemplated. Woodbridge, Lansing, Schomberg, Langstaff and Aurora

(sponsored by Hart Manufacturing), are said to be ready to go. Newmarket, being too fast for that opposition, might well consider a second team for the North Yonge league, as a feeder for the big squad. All this is in the tentative stage as yet with Hal Rogers being the main push behind the scheme. We hope it works out, for the public really likes to see the femmes in action. Opening games are scheduled in the men's league for May 26 and 27. Newmarket invades Lansing. Langstaff goes to Schomberg and Aurora to Woodbridge. The three new entries were honored with home games before hitting the road. With the exception of Newmarket the opening date is perhaps a little early for most of the clubs, especially Aurora. However, the season is a long one, and early season games may not mean too much, although mighty nice to snag, as an incentive to attendance and team play. Play ball! will soon be heard in your neighborhood and let's hope that the teams have devised some means of bettering the take at the games. It was pathetic last season, and didn't give the clubs a break.

SCHOOL SOFTBALL LEAGUE

The 11-year and under boys at the public and St. John's schools are keeping busy at softball these fine spring afternoons after school is out. A seven-team league is functioning and some rousing games are reported. What the pee-wee's lack in know how they make up for in spirit. Frank Hollingsworth and Principal H. A. Jackson keep the league on the go.

Aurora Tennis Club Elects Chas. Seath

All indications point to a banner season at the Aurora Tennis courts. The inaugural meeting of the club was held Monday evening with 27 junior members on hand and 10 senior. The following officers for the 1949 season were elected: hon. pres. Dr. C. R. Boulding, Wilfrid Adams and Keith Davis; pres. Charles Seath; first vice-pres. Frank Wims; second vice-pres. Pat Davis; sec.-treas. Betty Boulding.

Of interest to district tennis enthusiasts is the information that Keith Davis will carry along with his teaching classes for junior members. At the Aurora courts it will be from 10.30 to 11.30 each Saturday morning, at the Newmarket courts from 1.30 to 2.30 Saturday afternoon. The instruction will commence this Saturday and continue for six weeks. All youngsters wishing to take advantage of the offer made by Keith are advised to be on hand. Contact is being made with district tennis clubs in order to start a league functioning.

Mount Albert, Sharon Name League Officers

Election of officers of the Mount Albert softball club were held last week. Murray Roberts was elected president. Gord Young, vice president; Bill Robertson, secretary-treasurer. A five-man board of directors was set up of Lorne Mainprize, Ted Haid, Taylor Beale, Lloyd McQuig and Ernie Davis. To help club funds along a draw on a radio is being launched, draw to be made when Zephyr makes its first visit to Mount Albert. Sharon softball club installed Fred McLeod as president for the coming campaign. Lynn Farr was named manager and Ivan Eves coach.

ZEPHYR

Mrs. Austin Cain spent a few days at Niagara Falls last week attending the funeral of her mother, Mrs. L. Morgan. Mrs. E. Profit spent last Thursday in Uxbridge with Mrs. M. Arnold. The sympathy of the community is extended to the relatives of the late Mrs. W. Harmon who passed away last Friday at her home in Uxbridge.

Mr. and Mrs. Jack Marr, Malton, visited Mr. and Mrs. John Galbraith on Sunday. Mr. and Mrs. H. House and Wayne spent the weekend with Mr. and Mrs. C. Pickering.

Attention... FARMERS

SIDE MOUNTED MOWER

This is a heavy duty mower intended for mowing large acreages of extra heavy hay or other vegetation and for mowing highway shoulders and rights of way. It is quickly and easily attached to your Ford tractor and uses Hydraulic Touch Control for raising and lowering the cutter bar.

REAR ATTACHED MOWER

LIFT TYPE

When you need your Ford tractor for other uses during hay making season, you will appreciate the ease with which your mower can be attached and detached. While mowing, you will like the fast, clean work it does and the way you can turn square corners.

SWEEP RAKE

The sweep rake is popular today. Farmers agree that it offers the fastest, most economical one-man way of handling hay. Many use the sweep rake for bringing shocked grain to the threshers and find that two sweep rakes will replace six or seven racks. This sweep rake is easily attached to the Ford tractor and is lowered and raised by Hydraulic Touch Control.
